MARTIN CAMPAIGN TO PEACOCK WORKERS OF MANY FACTORIES

Liberal Candidate Prepares
For Down-town Rally With
Visits to Industrial Plants

Large Crowd Expected to
Hear Him and MacLean at
Chamber Thursday

With his first big down-town
meeting arranged for Thursday
night in the Chamber of Com-
merce Auditorium, Carew Mar-
tin, Liberal candidate in Vic-
toria, will spend the intervening
time in meeting the workers of
many leading industries here.

After a speech to the employees
of the Victoria Machinery Depot at
noon today, he will speak at the
Yarrow Ship-repairing plant to-
morrow and at the Lemon and Gon-
son Lumber Company's mill on
Friday.

The candidate also will pay visits
to the B.C. Electric Railway Com-
pany's car barns, the Ormond biscuit
factory, the Binnie & Taylor and
Shelly bakeries and other leading
industrial concerns during working
hours. The purpose of these visits
is to discuss the issues of the cam-
paign in an informal way with the
workers.

PEAKS TO-NIGHT

To-night Mr. Martin will address
Victoria West electors at a meeting
in Stanley Hall. He will be sup-
ported by Dr. Lewis Hall and J. B.
Clearburn. On Thursday Hon. J. D.
MacLean, Minister of Finance, will
speak with him in the Fairfield district with a
speech in Hollywood Mission Hall,
on Wildwood Avenue. Meetings next
week will take him into other parts
of the city in order that he may
cover all wards before the election.

AIDED WORKERS

At his meeting at the Victoria
Machinery Depot today Mr. Martin
emphasized the importance of the
present election to the working men
of the country. The Liberal Party,
he showed, had conferred actual
benefits on the workers through
taxation reduction, cuts in the auto-
mobile tariff and trade treaties which
stimulated trade and increased em-
ployment. It was the Liberal Party,
he pointed out, which introduced the
old-age pension bill killed by the
Conservative Senate. Between the
Liberal and Conservative parties, he
declared, the choice of the working
man should be easy.

Meanwhile Conservatives are ac-
tive here. Hon. S. F. Tolmie will
open his campaign to-night with a
meeting in the Chamber of Com-
merce auditorium, assisted by Leon
Ladner, Conservative candidate in
Vancouver South. Lindley Crease,
K.C., president of the Victoria Con-
servative Association, will preside.

LIQUOR BURNED IN DETROIT CEMETERY

A. C. Hoyle, Native of On-
tario, Shot and Killed; His
Companion Wounded

Detroit, Sept. 1.—Alvin C. Hoyle,
thirty-two, a native of Wallaceburg,
Ontario, who had been in the city
side there, was shot eight times and
instantly killed here yesterday. His
companion, Charles Phillips, thirty-
eight, of Detroit, was seriously
wounded at the same time. He re-
ceived bullets in the head, back and
right arm, and physicians at the
hospital do not expect him to recover.
The shooting was done in the Elm-
wood Cemetery as Hoyle and Phil-
lips left an automobile in which they
had been riding with three men, the
identity of whom has not yet been
determined.

Police believe the tragedy to be
a new phase of the Detroit under-
world liquor war.

SEATTLE LEITES HAD ADVENTURES

Two Youths Traveled in
Canoe Down Fraser River;
Cruised Okanagan Lake

Seattle, Sept. 1.—Down the Fraser
River by canoe, through whirlpools
and quick water strewn with gigan-
tic logs, bucking a forty-mile gale
most of the way, two adventurous
young Seattle citizens, George S.
Parry and A. F. Hennes, are back
from a two-weeks trip into British
Columbia, with tales of wild
adventures and back to back up their
claim of inland Canada as a country
for outings.

Parry and Hennes began their
150-mile miles of canoeing at the
head of Okanagan Lake in a Willis
seventeen-foot cedar canoe con-
taining two sleeping bags and very
light equipment. They took five
days to go down 100 miles on the
lake, zig-zagging across four times
on the way. Everywhere they went
they say they heard reports of a sea-
serpent fifty feet long, with a head
like a lamb and a tail falling like
water as it cruised about the lake,
but they were unable to get a
picture or an actual view of the
monster, notwithstanding the resi-
dents' belief in it.

The most dangerous part of their
trip was taken after they had shipped
their canoe to Hope, a little
town about 100 miles from the Fraser
River from Vancouver.

SEPTEMBER 1 BRINGS FROST IN NEW ENGLAND STATES

Boston, Sept. 1.—Unseasonable low temperatures and frosts
brought New England a taste of Autumn today. From a score
of towns and cities scattered from Southeastern Massachusetts
and Connecticut to northern New Hampshire and Vermont came
reports of frosts. For the most part the frosts were light and
no damage to crops was reported.

SUMMER STORMS IN PRAIRIE REGION

Farmer Killed by Lightning in
Alberta; Harvester in Mani-
toba Was Injured

Rain Delays Harvest Opera-
tions; Skies Clear in Sas-
katchewan

Winnipeg, Sept. 1.—Electrical
storms which accompanied the tor-
rential rains in the prairie provinces
during the last thirty hours brought
death to one man and serious injury
to another. Andrew Warawa, of
Mundare, Alberta, a farmer, was
killed when struck by lightning, and
Charles Beeler, a harvester working
on a farm near Russell, Manitoba,
was seriously injured by a lightning
bolt. While working yesterday af-
ternoon Beeler was struck, all of his
clothes were ripped off and he was
badly burned.

One of the heaviest electrical and
rain storms of the season struck
Winnipeg shortly after midnight and
for more than two hours lightning
danced across the skies, while a tor-
rential rain and heavy wind pre-
vailed. The rain was general in
Manitoba and will cause a serious
delay to harvesting, which was mak-
ing rapid progress and nearing the
general threshing stage. Some dis-
tricts of Manitoba have had prac-
tically continuous rainfall since Mon-
day night.

STORMS IN ALBERTA

High winds and rain continued in
Alberta during the night, adding to
the delay in harvesting, but bringing
benefit to some districts where the
grain was ripening too fast. A se-
rious situation, however, has de-
veloped in handling harvest help. Many
harvesters are in the cities, and with
the delay in harvesting farmers are
not hiring workers at the present
time.

Clearer skies were reported from
the province of Saskatchewan to-day
following heavy rains of Monday
night and Tuesday morning. It will
be a few days, however, before har-
vesting operations can be resumed.

TWO MEN KILLED IN NICARAGUA BATTLE

Rebels in West Coast Region
of Republic Fled After Their
Defeat

Managua, Nicaragua, Sept. 1.—
Sixty government soldiers and forty
rebels were killed and an undeter-
mined number wounded when the
government forces defeated a revolu-
tionary force in the vicinity of Co-
guina, on the west coast of Ni-
caragua.

The rebels fled after a battle
which had lasted eight hours, leav-
ing five machine guns, 500 rifles, a
quantity of provisions and important
documents showing the revolutionary
plans.

Surgeons and Red Cross workers
are being rushed to the scene to care
for the wounded.

FAMILIES IN SPAIN KILLED BY STORM

Seven Persons in Village
Crushed; Five in Another
Village Killed

Barcelona, Spain, Sept. 1.—In a vi-
olent storm today in the village of
San Andres, two houses were
crushed, two families, consisting of
four adults and three children, were
crushed to death and property damage
was done.

Toledo reports eighty houses were
damaged by a high wind in the vil-
lage of Arroyo Franco. Five persons
were reported killed and heavy
damage was suffered to the crops.

LOSS FROM FLOOD IN ILLINOIS TO-DAY

Damage in Galesburg Region
Above \$500,000; Houses
Washed Away

Galesburg, Ills., Sept. 1.—Loss
estimated at between \$500,000 and
\$1,000,000 was caused by a flood here
to-day. The Santa Fe and Burling-
ton Railroads, the Burlington Pav-
ing Brick Company, lumber yards,
the light and power company, and
waterworks were the chief losers.

Added to losses by these firms were
thousands of dollars' loss through
flooded basements and hundreds of
property owners whose homes were
either washed away or badly dam-
aged.

EARTH SHOCKS IN CHILE THREW PEOPLE IN PANIC

Santiago, Chile, Sept. 1.—A
strong earthquake was felt at
2:45 p.m. yesterday in the town
of Valparaiso, northern Chile. No
casualties are reported. The popu-
lace was greatly alarmed.

Valparaiso was the centre of an
earthquake in 1922 in which sev-
eral hundred persons were killed.

FIND NO TRACE OF DROWNED MEN

Police Dragging in 120 Feet
of Water; May Use Dyna-
mite To-day

Provincial Police officers, in
charge of Sergeant Robert
Owens, are dragging Shawanigan
Lake to-day for the bodies of the
three men who were drowned
there Monday night. Where
their hooks are slipping along the
bottom, the lake has a depth of 120
feet and over and the task is a heavy
one. Reports from the scene of op-
erations received at police head-
quarters here this morning said that
if the bodies were not recovered
shortly dynamite would probably be
used. The searchers may blast this
afternoon.

The fact that there are three
bodies somewhere below the sur-
face of the lake, has caused some
uneasiness among those who are
swimming along the lake shore. Some
campers of the vicinity have taken
their belongings and departed.
Others, however, are joining in the
search and assisting the police in
their efforts.

Up to noon to-day not one of the
bodies had been found. Neither was
any sign of the dog, the com-
panion of the four occupants of the
rowboat which sank Monday night.

Man Duped Out of Money Tried To End His Life

Salmon Arm, B.C., Sept. 1.—De-
frauded of approximately \$1,200 by
means of the "bankbook game" by
Lachlan, who had been in the city
yesterday, Marcellin Charrette, seventy-
one, a grocer, and Juliet La Prairie,
aged nine, were killed.

THORNTON SUGGESTS CLOSER CONTACT BETWEEN C.N.R. AND MARITIME BUSINESSES

Montreal, Sept. 1.—The construction
of an all-Canadian route to a Can-
adian National Railway was just
as imperative to the west of Cana-
da as to the Maritime Provinces, Sir
Henry Thornton, president of the
Canadian National Railway, told the
Royal Commission investigating the
position of those provinces in the
Canadian Confederation here this
morning.

"I think that indisputable," the
president told Sir Andrew Rae Dun-
can at another point when the com-
mission chairman told him the Mar-
itime Provinces made the point they
should not be called upon to bear the
entire burden of the route.

The management of the C.N.R., he
said, "The management of the C.N.R.
understood its mandate to relieve
the country of the burden which the
railways had placed upon it and to
give efficient service. Had the former
been continued, he felt it would
have been a menace to the financial
position of the country."

OSMAND FIRST HORSE IN BELMONT RACE

New York, Sept. 1.—Osmand of the
J. E. Widener Stables, Jackey Earl
Sands up, captured the fifty-seventh
running of the Nursery Handicap,
\$3,000 added, the feature attraction
for two-year-olds at Belmont Park
to-day. Premier was second and Gun
Royal third. The time for the six-
furlongs was 1:13.

MURDERER IS INSANE

New York, Sept. 1.—Manuel Silber-
stein, nineteen-year-old Brooklyn
boy, who had been charged with the
murder of a girl, six years old, an-
other student of philosophy, with a
hammer because of "an overwhelm-
ing desire," has been adjudged in-
sane.

PRIMARY ELECTION HELD IN CALIFORNIA

Senator Samuel M. Short-
ridge Leads For Republican
U.S. Senate Nomination

Anti-Prohibition Candidates
Lead in Several Congres-
sional Districts

San Francisco, Sept. 1.—Senator
Samuel M. Shortridge had the lead
of almost 50,000 votes over
Robert M. Clark, his leading anti-
Prohibition rival, for the Republi-
can United States Senatorial nomi-
nation when returns from 4,817 out of
8,274 California precincts were ta-
bulated at 1 p.m. to-day. The figures
were: Shortridge, (Coolidge) 193,
859; Clark, 144,148; Representative
Walter F. Lineberger, anti-Prohibition
Court man and a dry, 64,632.

West-coast voters were tending in
several congressional contests. In
the fourth district, Mrs. Florence H.
Frug Kahn, outspoken wet incumbent,
opposed for the Republican nomi-
nation by several candidates, in-
cluding Mrs. Cecil D. Hamilton,
advocate of strict prohibition en-
forcement, won a sweeping victory.

In the second district, made up
mostly of mountain counties, another
wet candidate, Harry L. Englebright,
in early returns was far ahead of
several wet and dry opponents for
the Republican nomination to suc-
ceed the late Representative John E.
Raker. The Republican nomination
to succeed the late Lawrence J. Fla-
herthy, in the fifth, was easily won by
Richard Welch, San Francisco su-
pervisor and avowed wet running in
a wet district.

EARTHQUAKE CAUSE OF EIGHT DEATHS

200 Inhabitants on Island of
Fayal, Azores, Injured;
Houses Destroyed

Further Slight Shocks After
Great Disturbance of Yes-
terday Are Reported

Lisbon, Portugal, Sept. 1.—Eight
persons were killed and 200 injured
by yesterday's earthquake on the
island of Fayal in the Azores, the-
most of the 5,000 citizens. The death
of a child was reported from the Ex-
terior. Four hundred houses were razed
in the village of Flamengas, in a series
of short and violent shocks.

Slight shocks continue to be felt
in Fayal and the neighboring island
of Pico.

CRUISE SMUGGLERS INTENSIFY EFFORTS

Use All Possible Means Along
U.S.-Quebec Border; Guards
Increase Attack

St. Albans, Vermont, Sept. 1.—In-
creased activities of the United
States customs guards along the Ver-
mont-New Hampshire-Quebec border
to check smuggling have had a re-
sponse from the practice of carrying
liquor in spare tires was uncovered.
Automobile liquor trains run in
groups of two or more cars. The
train runs a pilot car 200 yards ahead
of the leader is stopped the other
turns and escapes. Many trains also
have a rear guard car that is to be
swung across the road and aban-
doned should an attack develop
from that quarter.

Most of the run runners smuggle
silk and tobacco on their return trips
to Canada, it has been discovered,
and this activity has led to closer co-
operation between the Canadian and
United States customs forces. Beer
and ale have given way to hard
liquors in most loads. Collector of
Customs Whitehill of Vermont said
that the number of cars consigned to
the Quebec liquor commission's stores
near the border.

GRAND HOTEL IS VICTIM OF VISITOR

Deputy Minister of Railways
Loki's Over Ground For New
C.N.R. Hotel

Vancouver, Sept. 1.—To complete
arrangements in connection with
the proposed new \$5,000,000 C.N.R.
hotel here and on the annual inspec-
tion tour, Major Graham, Deputy
Minister of Railways and a
director of the Canadian National
Railways, accompanied by C. Gill
Gardiner, another director, arrived
here this morning.

"In the interests of the railway
and the public," said Major Graham,
"it became necessary for me to come
out and personally look over the
ground in connection with the hotel.
Arrangements are going smoothly."

SPAIN'S REQUEST OF LEAGUE IS REFUSED

Commission Decides Against
Permanent Council Seat For
That Nation

Lack of Arrangements Indi-
cates Spain Will Not Share
in Assembly

Geneva, Sept. 1.—The commission
at work on plans for the organiza-
tion of the League of Nations Coun-
cil to-day rejected Spain's demand
for a permanent seat in the Council.
There was no roll call. The German
and Polish delegates did not vote,
and the Chinese delegate supported
Spain's claim conditionally upon
China being similarly favored.

NO SPANISH DELEGATES

Geneva, Sept. 1.—Spain has failed
to take the usual reservations for her
delegates at the Hotel des Bergues
for the period of the sessions of the
League of Nations Assembly, creat-
ing the impression she has decided
not to be represented at the com-
ing meeting.

TANGIER ISSUE

Paris, Sept. 1.—Now that the
Spanish Government has been
amicably informed by Great Britain
and France of the status of Tangier,
these two governments are ready to
do what they can to favor Spanish
interests more directly in the ad-
ministration of the Moroccan city
without any change in the interna-
tional form of its government. Both
the British and French notes, which
were sent to Spain yesterday, made
it clear the town can not be an-
nexed to the Spanish zone in Mo-
rocco.

The French note points out that
even if the Paris Government felt
it possible to abandon the interna-
tional regime of Tangier, it could
not take the Spanish viewpoint be-
cause the treaty by which the Sultan
of Morocco accepted the French pro-
tectorate specifically provides the in-
ternational status of Tangier is not
to be changed.

KRUPP, ARRESTED IN U.S., HAS LAWYER DEFEND HIS CASE

Albuquerque, N.M., Sept. 1.—Two
Wilmington, Delaware, police officers
are here to-day to take the youth
claiming to be Baron George von
Frederick von Krupp Jr. back to Wil-
mington to answer a bad cheque
charge.

The prisoner, who was arrested
last Wednesday, said Monday night
he probably would make a statement
for the state papers after his Ex-
terior last night he said his statement had
been given to Pearce Rodey, Albu-
querque attorney appointed to de-
fend him.

Rodey said he was attempting to
confirm by telegraph portions of von
Krupp's statement and might make
it public after receiving replies.

C.P.R. TO EXTEND LANEWAYS HERE, PRESIDENT SAYS

Work Likely to Start This Winter; Rooms at Empress
Hotel to Be Improved; Victoria Business Is Quite
Satisfactory, But E. & N. Passenger Trade Badly
Hit by Motors, Railway Head Declares

Addition to the present Belleville Street docks of the Canadian
Pacific Railway by the construction of 150 feet of new wharfage,
was announced to The Times this afternoon by President E. W.
Beatty, of the Canadian Pacific Railway.

The extension will be built west from the present dock along
Belleville Street in the direction of the British-America Paint
Company's plant at Laurel Point.

"This extension of 150 feet west of the present Belleville
Street docks is contemplated to provide suitable berthing space for
our augmented fleet of Coast steamships," Mr. Beatty said. "It
is hardly likely that this can be un-
dertaken this fall, but if general
conditions warrant it, we hope to
undertake the work during the Win-
ter."

ADVANCE TAXES PAID

With only \$32,119 to be collected
under the voluntary plan of ad-
vance payments the city treasury
stands to-day within eight of the
\$500,000 anticipated at the first of
the year as the measure of tax-
payers paid in advance. Ratepay-
ers have up to September 15 to
come in under this plan, whereby
they will earn six per cent interest
on tax sums advanced. Up to
the end of August the sum of \$1,479
will be refunded to the ratepayers
in interest. Due date of tax col-
lection falls on October 15 this
year, or two weeks earlier than in
1925. Up to a month before the
legal date of collection interest re-
bates will be allowed.

Now that the C.P.R. is taking over
the old J.E.A.A. property adjoining
the C.P.R. docks at the east, the
company has in view the widening of
the roadway leading to the wharf
warehouses. Mr. Beatty explained.

HOTEL ROOMS MODERNIZED

"As regards the Empress Hotel, the
number of rooms there with baths
will be increased during the next
few months, but it is not proposed to
make any extensive changes at the
hotel at the present time," the presi-
dent went on.

Referring to reports that the
C.P.R. was buying a new boat
for the Vancouver-Nanaimo run,
Mr. Beatty said that the company
was not taking the place of the Prince
Patricia, which would be used in
another service. Mr. Beatty said
that some further changes in the
Vancouver-Nanaimo service were
under consideration, but that
nothing had yet been finally de-
termined.

NO FAULT WITH ISLAND BUSINESS

"Traffic conditions in Victoria and
on this island are quite satisfactory,
with the exception that passenger
traffic on the Victoria-Nanaimo
Nanaimo Railway has been seriously
reduced by automobile competition," Mr.
Beatty continued. "If this condition
continues, it is bound to result in
the railway company to curtail services.
We are carrying out, year by
year, our programme of forest
temporary structures on the E. & N.
Railway by permanent work, and
year after year we have been ex-
tending our programme to provide for
any new industries established. This
programme will be continued.

"Tourist traffic this season in this
part of the country was somewhat
below the exceptional volume of 1925.
Various causes contributed to this,
notably the fact that the last of
the large international conventions
were this year held in the North-
west. Another cause was the very
extensive advertisement of forest
fires in the Canadian Rockies. These
fires, as a matter of fact, did not in-
terfere to any extent with the com-
fort and enjoyment of the tourists
who did visit the mountain hotels
and camps."

SEES CRYSTAL GARDEN

Mr. Beatty went out walking by
himself to look over part of the city.
He looked over the Crystal Garden
to see how things were going there
and had a talk with Ivan Awde,
manager.

"I am very favorably impressed
with the Crystal Garden, and con-
sider it to be a credit to the com-
pany and to the city," he said when
he had returned to the Empress Ho-
tel. "I have been a little disap-
pointed in the amount of local pa-
trons who are attending the build-
ing of the centre, as before the build-
ing was started, it was expected that
it would be a very popular place for
recreation and would be extensively
patronized by our citizens."

Mr. Beatty and the party of C.P.
It, directed a tour of the Crystal Gar-
den to North Saanich, where they
were the guests of W. C. Nichol,
former Lieutenant-Governor, at a
lunch at his country place, "Mira
Loma." To-night the party will
be guests of Mr. and Mrs. A. C. Flum-
melt at a dinner. The party will
leave for Nanaimo tomorrow to
start East from there Thursday night
by way of the Crow's Nest division.

EIGHTEEN WERE KILLED IN TRAIN WRECK IN SPAIN

Cortosa, Spain, Sept. 1.—A mail
train was derailed to-day between
this town and Barcelona and it is
reported eighteen persons were killed.

VICTIM IS CLAIMED BY POISON LIQUOR

Unidentified Harvester Dies
in Manitoba; Several Men
Are Ill

Winnipeg, Sept. 1.—An unidentified
harvester lost his life and several
workers are ill following the drink-
ing of poisonous liquor on a farm
near Letellier, Manitoba.

Hired in Winnipeg, the man came
to the farm with a bottle of liquor.
Before retiring for the night he
treated several of the other workers.
Later in the night he complained of
being ill and before medical atten-
tion could be obtained he died. He
carried no identification papers.

WORKERS IN STEAMER RAVAGE ESCAPE

Two Men Overcome by
Fumes in Boiler Room of
Vessel at New Westminster

New Westminster, Sept. 1.—Over-
come by fumes of burning sulphur
and other disinfectants, Max V.
Jenks and Wilfred Stevens narrowly
escaped death Tuesday night in the
boiler chamber of the steamship
Madras City, a freighter berthed here.
Jenks and Stevens were working on
the boilers when the fumes descended
and cut off their supply.

Stevens, by a desperate effort,
climbed an electric cable inside a
ventilator and reached the deck in
time to send aid to his comrade be-
fore he collapsed.

Jenks remained at the bottom of
the ship until firefighters lowered
a gas mask and rope. Eekly ad-
justing the mask and securing the
rope around his body, Jenks was
hailed to safety, but had lost con-
sciousness when he reached the deck.
The ship recently arrived here from
the Orient.

OLD AGE PENSION PLAN MADE PLAIN

Premier Oliver and D. Donaghy Outline Liberal Plans at Vancouver Meetings

Advise People to Entrust Liberal Party With Handling of Measure

Vancouver, Sept. 1.—Premier Oliver, Dugald Donaghy, G. G. McGee, K.C., Wilfred Hanbury and P. M. Kerr were among the speakers who addressed Liberal Federal election campaign meetings in the Vancouver area last night. Mr. Oliver and Mr. Donaghy devoted particular attention to the Liberal plan for a system of old age pensions in Canada.

CONSERVATIVE TACTICS

Addressing a capacity audience in the Lynn Valley Community Hall at a meeting held in the interests of G. G. McGee, K.C., Liberal candidate in North Vancouver, Premier Oliver said that the Liberal plan for old age pensions was a measure of justice to the old people of the country.

He instanced the charge that the bill was unfair in debarring from pensions widows who were not British subjects before marriage.

The act contained no such exclusion and no good lawyer would say it did, the Premier declared emphatically.

The section complained of contained two provisions:

1. That pensions should be payable to British subjects, male and female.

2. That pensions should be payable in the case of widows, to those who had been British subjects before marriage.

CLAUDE IS SAFE GUARD

The second provision did not contradict the first, he said, nor did it

limit the first in any way. A woman of foreign nationality marrying a British subject became herself a British subject and hence was eligible for a pension under the first of these two provisions. A woman born a British subject might, however, lose her nationality by marrying a foreigner and hence, although otherwise eligible for a pension, lose her rights if the second clause had not been added.

Mr. Oliver met other criticisms of the bill with similar specific analyses of the sections under review and declared that if the Conservatives were sincere they should have moved amendments in Parliament.

LIBERALS PLAN ACTION

While admitting the bill was not perfect, he said, its future could better be entrusted to a Liberal government which had taken the responsibility for taking definite action rather than to a Conservative government whose leader had criticized the act for being too broad, not too restricted, when it was in Parliament and who now wished to delay action until every provincial government in Canada was in agreement upon all the details of the measure.

EARLY MEASURES

"Old age pensions can become immediately effective in British Columbia if Mackenzie King and the Liberal Party are returned to power in this election. On the other hand, not within the life-time of many of us, but within the life-time of our children, if the Conservative government in Canada was in agreement upon all the details of the measure."

This declaration was made by Dugald Donaghy, Liberal candidate in Vancouver Centre, who at his meeting emphatically denounced Conservative "misrepresentation" of the pensions bill introduced in the last Parliament by the Liberal Government, passed by the Commons and rejected by the Conservatives in the Senate.

PENSIONER'S HOMES

The candidate wished to correct certain misrepresentations now being circulated by the Conservatives relative to the Old Age Pension Bill.

"The principal misrepresentation to which I refer," he said, "is that Parliament by the Liberal Government, passed by the Commons and rejected by the Conservatives in the Senate."

MINERAL QUESTIONS

Referring in the course of his address to Canada's minerals, Mr. Donaghy said the time had arrived when definite action should be taken to prevent foreign exploitation of these valuable resources. He did not suggest an embargo. Immediate or precipitate action of any kind he thought would unduly disrupt trade and cause disaster, but following the line taken by other countries holding world monopolies of various kinds, he believed a graduated export tax, ultimately resulting in the manufacture of these products in Canada by Canadian workmen, should be seriously considered by the Federal Government.

A start had been made in this direction in regard to the export of electrical energy, he said. No company might export electricity to the United States under contract for a period exceeding one year, with the result that manufacturing concerns dependent upon electricity for operation more and more were deciding to locate within Canada in order to be assured of a continuity of supply of energy.

CUSTOMS INQUIRY

Before proceeding to discuss campaign issues Mr. Donaghy announced that a meeting on "What I Learned in Four Months as a Member of the Parliamentary Customs Inquiry Committee."

"I shall deal with what I found there with frankness and directness, and shall try to tell the people of Vancouver plain home truths concerning this matter," he said.

TARIFF POLICY

"Conservative tariff policy if carried out to its logical conclusion would do more toward forcing Western Canada out of Confederation than any other single factor."

This statement was made by Wilfrid Hanbury, Federal Liberal candidate in Burrard, in his address at his meeting.

"Interests of the West," said Mr. Hanbury, "are entirely opposed to a policy of high protection of men."

GROUP GOVERNMENT

Devoting himself throughout the early part of his address to criticism of Leon J. Ladner's speeches, and comment on the position taken up by the Conservatives, Paul M. Kerr, Federal Liberal candidate in Vancouver South, declared at his meeting that although the Conservatives now spoke so strongly against the group system of government, they had been anxious to get group government during the last session of the Federal House. But, he said, they would never get the Progressives to go with them for the Conservatives had alienated them.

NEWSPAPER'S POSITION

Vancouver, Sept. 1.—The Vancouver Star today carried the following report of G. G. McGee's meeting with the North Vancouver constituency Liberal candidate:

"Keen enjoyment was expressed by G. G. McGee, K.C., Liberal candidate in Vancouver North, at two meetings Tuesday evening at the Britannia Hotel which The Vancouver Daily Province had conferred itself to be in when it attempted to comment upon his Friday night speech quoting The Province in support of the Liberal Party's record."

"They've been driven back to the customs scandal which on August 14 they said was not an issue," he declared, reading from The Province editorial of August 30.

"On August 14, he said, The Province had stated what were issues and what were not in this election."

"In that editorial it had chided Mr. Meighen for making too much of the customs scandal and had urged him and his Liberal opponents to devote their attention to the real issues, which it had then enumerated."

APPROVAL EXPRESSED

"Mr. McGee had accepted this advice and had demonstrated, he said, that on every one of these real issues The Province had publicly expressed its approval of the Liberal point of view."

"The Province had not attempted to deny, but had repeated in its discussion of his speech, but to balance the scale and maintain its independence had been driven in its editorial of August 30 to fall back on the customs scandal. If that was an issue, Mr. McGee urged his hearers to read the charges V. E. Raney, former Attorney-General of Ontario and one of the leading prohibitionists of Canada, had published against Hon. H. H. Stevens for his conduct since taking office."

STRIKE CLASH IN RHODE ISLAND TOWN

Manville, R.I., Sept. 1.—National Guard troops are in Manville to-day keeping order after forty-eight hours of rioting which culminated last night in injury to nine persons during a clash between state police and an unruly mob of 1,500 striking operatives of the Manville-Jencks Company's textile mill.

Thirty-five men of the 103rd Field Artillery, accompanied by ambulance and medical corps detachments, reached the mill soon after midnight, ready to throw out picket lines in support of fourteen state policemen and a force of deputy sheriffs who had guarded the plant since trouble broke out with the arrival of strike-breakers Sunday.

CLASH AT BRIDGE

Following a night and day of disorders during which an attempt was made to fire the mill, the trouble reached a climax last night when strikers gathered at the head of the Blackstone River bridge leading to the plant. One man started to cross the bridge and was pushed back by state police. The crowd hesitated a moment then rushed the thoroughfare. The police met the advance with freely swinging night sticks, but were forced to retreat before far superior numbers and resort to tear gas bombs.

The bombs checked the advance of the mob, but another series of rushes finally brought volleys from riot guns and heavy service revolvers. Five

strikers and sympathizers went down wounded with buckshot, while the police suffered three casualties.

EMPLOYMENT DISPUTES

The disturbances of the past few days marked practically the only violence of the strike, which was called August 18 in protest over the employment of three non-union loom fixers.

Aside from the silent mills and the reduced daytime forces of policemen and National Guardsmen patrolling the vicinity, the little factory town was almost normal to-day.

REV. J. S. PATTERSON NEW MODERATOR

Victoria West Pastor Chosen Head of Victoria Presbytery; Sessions To-day

Rev. J. Smith Patterson was elected moderator of the Victoria Presbytery in succession to Rev. Dr. McCoy at the opening session of the Presbytery last evening.

The sessions continued this morning when there was an interesting discussion on the question of annuities for men retiring from the active duties of the ministry. It was reported that the welfare consideration with the object of a complete readjustment of payments.

MISSION REPORTS

Plans were completed this morning for the Italy Day services to be held in all the Sabbath schools on the last Sunday in September. Reports were also received from the several missions on the northern coast of Vancouver Island, all proving most encouraging. Rev. Dr. Clay represented the report.

Consideration of the Winter's work and of the appointment of men to look after the church's interest were considered this afternoon. Another important matter dealt with this afternoon is that relating to the church and manse board. Before the separation movement took place the church and manse board gave loans where required for the building of churches and manse. But pending the meeting of the Dominion commission relating to this question, this fund, with others, is inoperative, and an effort is being made to establish a new fund.

MEETING TO-NIGHT

This evening there will be a general meeting at which the speakers will be Dr. Douglas, superintendent of missions for the whole synod of the Victoria Presbytery, the Rev. D. A. Smith, who is in charge of the Chinese work throughout Canada for the Presbyterian Church, and the Rev. Dr. Clay, who will report on the work of the General Assembly, which he attended as a commissioner.

Womanhood's Philosophies

"DAPHNE BRUNO" primarily is a story of the working out of a philosophy.

Least that summary seem too general and too forbidding, even to the rest of us who are trying the same thing, it ought to be pointed out that the book itself is not forbidding, but inviting.

It is populated by bright and living people, animated by two loves of consuming intensity, written in the simplest style, intelligent, sometimes beautiful. In incident it is not overly thrilling, and it won't be called daring. But it shows the development of a really convincing fine woman, and at the end has her ideas clashing with her daughter in the present phase of the eternal conflict between elder and younger.

"Daphne Bruno" is the name of the two-volume novel, just published by Doran, of which the second volume bears the added title of "The Fulfillment of Daphne Bruno." It is the work of the Englishman, Ernest Raymond, who already has written "Toll England" and other books.

Cowichan

South Cowichan, Aug. 31.—On Monday the First Cowichan Girl Guides returned from the camp held on Salt Spring Island, where a week had been spent with the companies of Duncan and Salt Spring, in charge of Mrs. Kinloch, Victoria, Provincial Commissioner. Miss Dawson, Thomas, Miss B. Palmer, Miss D. Taylor (captains), Miss Lorie (lieutenant), Mrs. Fletcher, Miss Naden (district nurse). About sixty-five girls in all were accommodated in sixteen tents above a sheltered bay. The beach was well suited to the requirements of camp life, boating and bathing being indulged in. A more delightful spot could hardly have been chosen.

On Friday and Sunday launch parties of friends and parents of the guides visited the camp from Maple Bay and Cowichan Bay and a most enjoyable time was spent. Sports were held on Friday, and a fancy dress party in the evening. Hospitality and kindly feeling marked the gathering.

SIX NEGROES IN NEW YORK KILLED

Two Women and Child Injured When Fire Destroyed Tenement

Many Rescues Made by Firemen: Police Reserves Kept Order During Blaze

New York, Sept. 1.—Six negroes were burned to death and three women and a child were seriously injured in a fire that swept through a five-story tenement here early today.

The fire started on one of the lower floors and spread with such rapidity that when the firemen arrived the building was a mass of flames.

Men, women and children, awakened from their sleep, leaped from windows screaming for help and ran through their smoke-filled rooms to the rear fire escapes. A number of persons leaped from windows and three were severely hurt.

Scores of thrilling rescues were made by the firemen. While the blaze was at its height the roof began to sag and the firemen, who scrambled to safety on adjoining roofs in the nick of time.

The house was one of a row of structures occupied mostly by negroes. Excited negroes rushed from their sleep, ran through the streets and police reserves were called to preserve order.

Mr. Edling stated his sole instrumentality in anything to do with Hanley was to forward to the Minister of Justice without comment the letter signed by two Nelson citizens, Mrs. W. Garland Foster, formerly of Nelson, but now residing in Vancouver, who is known to have made representations on behalf of Hanley, is generally credited in this district with the successful effort made on his behalf.

Trust Company's Crash Followed by Several Charges

Atlanta, Ga., Sept. 1.—The Fulton County grand jury has returned fifteen additional indictments against officers and directors of the recently closed Bankers Trust Company of Atlanta. Assistant Solicitor-General John H. Hudson, acting under instructions of John A. Boykin, Solicitor-General of Fulton County, asked the state banking department to seek indictments against W. D. Manley, president of the defunct company, in which the Georgia counties, where Manley had financial interests, banks that closed after the trust company crashed.

Assistant-Solicitor-General Hudson said the apparent losses in deposits, capital and surplus in Georgia banks forced to close when their fiscal agent crashed were approximately \$20,000,000, and in the Florida members of the chain \$10,500,000.

Named in the new indictments are W. D. Manley, president of the company; K. A. Sasser, vice-president; L. R. Adams, secretary and trustee; Paul J. Baker, treasurer; and John D. Russell, assistant secretary and trustee.

The agency after trust indictments charge that the various officers of the company converted to their own use money entrusted to them by banks throughout Georgia and Florida, while the other felon true bills allege the officers allowed the Farmers and Traders Bank to "cheat" by "fraudulently insolvent" during their administration.

REPORT ON REPARATIONS

Berlin, Sept. 1.—Germany met nearly fifty-four per cent of her reparation payments in the second year of the operation of the Dawes plan, ended yesterday, by means of deliveries of materials. This will be shown in the report of S. Parker Gilbert, agent-general for reparations payments, which will be published about November 15.

The total payments amounted to 1,220,000,000 gold marks (about \$290,260,000), and the deliveries in kind, 656,800,000 gold marks (about \$156,318,000).

The goods delivered to the Allies varied from coal to lion traps, from dynamite to kitchen ranges, from circuit breakers for motorcycles to rosaries, from candy packing machines to varian hops, from bottle washers to trout spawners, and from cigar moulds to cotton gins.

More than one-third of these deliveries were of coal, coke and lignite.

Prince of Wales Visits Biarritz

Paris, Sept. 1.—The Prince of Wales, arriving in Paris from Boulogne late Monday, swiftly made his way through the railway terminal, leaped into an automobile, sped to the St. Cloud Country Club and played a round of golf. Afterward the Prince hurried back to Paris, hurriedly ate his dinner and departed by the night express for his favorite haunt, Biarritz. The Prince intended to do a little exploring of the lesser known regions of the Pyrenees Mountains in his own automobile, which had been sent down to Biarritz by rail.

DUFF TO BE HEARD AT CUSTOMS INQUIRY

Ex-M.P. For Lunenburg, N.S., Willing to Give Evidence After Federal Election

St. John, N.B., Sept. 1.—William Duff, ex-M.P. for Lunenburg, has telegraphed R. L. Calder, K.C., counsel for the Customs Inquiry Commission, emphatically denying ever having stated, as reported to the commission, that the commission was afraid to call him to the witness stand. Mr. Duff explained that what he had said was that "if I had to cancel my political engagements and go before the commission because of the actions of my political enemies in dragging me before the commission, I would see that Rhodes, Black, Cantley, R. B. Colwell, Rehfs, J. C. Douglas, W. H. Smith, Ernst and others would appear before the commission and give evidence."

After insisting upon knowing Mr. Calder's informant, Mr. Duff said in his telegram "Am willing to appear at any time after election and will see that others who have more to account for than I have will also appear."

Calder answered by telegram: "Informant McAvoy of Toronto Evening Telegram. His affidavit filed with Sir Francis Lemieux. Will be ready any time to probe matters referred to by you."

SEARCH BEING MADE FOR MISSING MAN

Capt. the Rev. C. W. Whitaker Dropped From Sight in Vancouver Last Sunday

Vancouver, Sept. 1.—Police are following a new lead in the Whitaker mystery, following a report made to the city detective department by H. Nicholson, that he saw Capt. C. W. Whitaker, missing Nakusp war veteran, at the corner of Seymour and Dunsmuir Streets in this city Sunday afternoon. Nicholson states he is positive of his identification.

Capt. Whitaker, well known overseas padre and prominent member of the Great War Veterans Association, has been missing since early Saturday evening, when he announced he was going to take boating exercise.

Early Sunday morning a boat he is said to have hired at English Bay was found beached on the shore of Indian Reserve, Kitilano.

WORLD COURT NOW DEBATES U.S. PLAN

Geneva Conference Deals With Scheme of Membership and Reservations

Geneva, Sept. 1.—The conference of members of the Permanent Court of International Justice summoned to discuss the five reservations under which the United States is willing to become a member was opened here today with a private session.

Professor W. J. Van Eysinga, Dutch member of the court, was elected president of the conference. The conference voted that its sessions should be open to the press and the public. The proposal, made by the president, was warmly seconded by Senator Sir George Foster of Canada and unanimously adopted.

QUESTIONS FOR MR. CREASE

MR. LINDLEY CREASE PROFFESSES TO believe that the policies of the Liberal Government would ultimately make Canada dependent upon the United States. These policies include the following:

- The reduction of the public debt.
- The reduction of taxation.
- The reduction of the duties on motor cars.
- The British Preference.
- The establishment of trade arrangements with Australia and the British West Indies—a practical method of developing inter-Empire relations.
- The return to Penny Postage.
- Old Age Pensions.
- The abolition of the receipt tax.
- Rural Credits.
- The reduction of duties on implements used in Canada's basic industries.
- The promotion of foreign trade under all heads—promotion which has turned an adverse trade balance of \$30,000,000 left by Mr. Meighen into a favorable balance of more than \$400,000,000.

Does Mr. Lindley Crease really believe that these policies are likely at any time to place Canada in a position of economic dependence upon the United States? Does he think it safer and better for Canada to have the following:

- An increase in the public debt.
- An increase in taxation.
- An increase in the import duties on motor cars.
- The abolition of the British preference.
- Abrogation of the trade treaties with other parts of the Empire.
- Return to three cent postage.
- The restoration of the receipt tax.
- Increase in the duties on implements required in the development of the basic industries of the country.
- A blow at the country's foreign trade by the imposition of the trade restrictions which are embodied in the Tory policies announced by Mr. Meighen and implied by him and his Party's opposition to Mr. King's policies in the House of Commons.

Finally, will Mr. Crease please tell us if he approves of Mr. Meighen's hostility to the British Preference, and what he thinks of the policy to which his party has been committed by Mr. Meighen in regard to Canadian participation if the Empire were threatened by a war like that of 1914.

NOT SO BAD AFTER ALL

SOME SPORTS WRITERS IN GREAT Britain have felt a little crestfallen this year because so many of the more important trophies in the realm of play have been taken out of the country. But they have been able to extract some consolation from the recent test match series and the return of the "ashes." Then if some of Britain's best in amateur golf and tennis have had to bow to superior play on the part of invaders from other lands, the sporting commentators can be excused if they hark back to that little account which the British professional golfers settled with professionals from the United States. This was surely an outstanding triumph for the Old Countrymen. In fact, to use a sporting term, it was almost a whitewashing affair. It is also to be remembered that this Summer's sport in Britain included the breaking of the record for century making on the cricket field by that fine Surrey player—Jack Hobbs. Now comes the news that this same batsman has put in seven hours at the crease and credited himself with 316 runs. Surely this ought to cheer the sports writers as they survey the Summer at its end. But if they want a little more for good measure they can include the tour of the footballers through Canada and note that the team from Britain never lost a match.

IT TELLS THE TALE

ALTHOUGH THE SHORTAGE MAY not be as serious as some of the appeals for help may suggest, there is sufficient evidence available to indicate that the farmers of the prairies are having very considerable difficulty in getting harvesters. At the end of last week the Mayor of Winnipeg appealed to all employers of labor and all men in a position to lend their aid by pointing out that the work waiting to be done was of the utmost national importance.

The condition in question is obviously a serious one for the grain growers; but it is also one which ought to bring cheer to every Canadian. It is convincing proof that Canada is prosperous and bears out what the Dominion Bureau of Statistics has been

telling the people of this country for some time past—that employment conditions are better this year than they have been for five years. This is all the more remarkable, by the way, when it is borne in mind that the number of new settlers coming into the Dominion during the first six months of the present year was over 70,000, as compared with just a few more than 43,000 for the corresponding half year of 1925. Nor should it be forgotten that during the second quarter of this year, 21,000 former Canadians who had resided in the United States for a period of six months or more came back to this country with the intention of residing here permanently. During the same quarter of 1925 the average monthly northward trek was a little less than five thousand, as against seven thousand this year.

The present shortage in farm workers, moreover, should be an excellent advertisement for Canada in all those countries to which she is looking for immigrants. It is a complete answer to those politicians who are going about the Dominion urging the people to send a Conservative Government to Ottawa in order that it can give the country "stability." Save us from any interference with policies which have produced this appeal for more help on Canadian farms!

"BREAKDOWN OF COMMON SENSE"

ALTHOUGH THE STRIKE IS GRADUALLY breaking because men are going back to work, there is no indication that the gulf which separates the British miners from the owners is getting much narrower. The House of Commons met under emergency conditions on Monday in order to deal with the question; but after nearly six hours of heated discussion the prospect of settlement is very little brighter. Briefly put, the Government says to the miners: "A further subsidy is impossible, but you make a reasonably helpful offer and we will use every means to bring lasting peace based upon effective reorganization of the industry."

Mr. Winston Churchill closed the debate for the Government in what dispatches describe a most unprovocative speech. In fact the following phrase from the lips of the Chancellor of the Exchequer is a notable one, since his relations with Labor were never happier before he told the Party that it was not fit to govern, and on many occasions since they have been strained pretty severely: "You can not ask us," Mr. Churchill said, "to take sides against arithmetic. We as a nation are seeing the most lamentable breakdown of British common sense ever witnessed, but it is still not too late."

Britain is certainly facing an economic tragedy and the only bright spot in the waning part of the struggle is that a settlement bids fair to be followed by a long period of industrial peace. If this condition shall be produced, even at such an enormous cost to the country and to the treasures of the Trades Unions, the long period of inactivity in the coal mining industry, and in the industries dependent upon coal supply, may not be as damaging to the economic structure of the country as may seem apparent just now.

HELPLESS RUSSIAN TRIPPERS

CONDITIONS IN RUSSIA ARE REFLECTED in other ways besides through the conflict which the leaders of the various factions are waging between themselves in Moscow. A most tragic case in point, which certainly reveals a lack of something more than efficient administration in the general sense, is the sinking of a Russian steamer which carried 563 passengers but only one lifeboat and no more than 172 lifebeats.

Whether the appalling loss of life and the obvious helplessness of all the passengers under such conditions will make any impression upon the minds of the warring doctrinaires in Moscow remains to be seen. They are very likely too busy trying to settle the question as to whether there shall be a world revolution at once or whether Russia should get on her economic feet first. Meanwhile, it is to be noted, such capitalistic countries as Canada and Great Britain and the United States make provisions for their nationals at sea in the matter of sufficient lifeboats and lifebeats. One of these days, of course, a Russian "revivalist" or a peasant movement will start the Moscow gentlemen and all their allies on the run and end their little game.

WHAT OTHER PAPERS SAY

ONE MAN SHOWS SIZE

From The Ottawa Citizen

Mr. C. W. Bell, K.C., M.P., in a speech called Mr. Mackenzie King "the Prince Albert canary—yellow from tip to tail." A newspaper rebuked him, and he wrote in reply in part as follows: "I am afraid you are entirely right. For my part I am through with it (meaning name-calling). It is an unpleasant thing to find a political speaker, carried away by the enthusiasm of the moment, descending to calling names and vilifying his opponents."

But it is a pleasant thing to find a man big enough to acknowledge such a mistake frankly and publicly, and to promise amends. Mr. Bell is a young man in politics and one of promise. The people of Canada, now that the incident has served to demonstrate his size, will follow his career with closer interest.

Would that others who might be hamed followed Mr. Bell's example.

A THOUGHT

Weeping may endure for a night, but joy cometh in the morning—Ps. xxx, 5.
God made both tears and laughter, and both for kind purposes; for as laughter enables mirth and surprise to breathe freely, so tears enable sorrow to vent itself patiently. Tears hinder sorrow from becoming despair and madness.—Lefth Hurst.

"GET IT IN THE NECK"

This expression, similar to "get it where the chicken got the axe," is an Americanism indicating that some fatal blow has been dealt to the plans or prospects of an individual, just as an axe stroke to the neck of a chicken proves fatal to that unhappy fowl. It is one of the most commonly understood phrases in modern slang.

Canadian Questions and Answers

THE PROVINCE OF QUEBEC

Q. What are the main facts regarding the province of Quebec? A. Quebec is Canada's largest province, eighteen per cent of the Dominion, larger than five United Kingdoms. Its birthrate is the highest in the world 36.25 per 1,000 living, and its population has increased from 1,448,598 in 1901 to over 2,500,000 in 1921. Quebec's mining industry and possibilities are of the highest order. It supplies eighty-five per cent of the world's total production of asbestos. Other minerals are: mica, copper, silver, gold, feldspar, magnesite, etc.

CANADA'S UPWARD TREND

Q. What are some of the signs of Canada's upward trend? A. A recent report of the Dominion Bureau of Statistics shows an upward trend in seven basic factors, based on a percentage of the corresponding figures for a year ago. Employment, 104 per cent; bank clearings, 118 per cent; building, 137 per cent; steel, 128 per cent; pig iron, 154 per cent; grain inspections, 175 per cent.

BLIND RELIEF SOCIETIES

To the Editor:—What Canadian societies are there for the relief of the blind? How are they supported? Who are the local committees? And who are the Victoria representatives?

(Editor's Note:—There is the Canadian National Institute for the Blind, with headquarters at "Pearson Hall," 186 Beverley Street, Toronto. The Institute is supported by government and municipal grants, subscriptions, donations and membership fees. The British Columbia committee consists of Brig.-General W. W. Odium, Vancouver, chairman; R. P. Butchart, R. R. Burns, Ald. Bennett, Thos. Kirk, Mrs. Ralph Smith, M.P.E., R. H. Neeland, M.P.E., J. L. White and A. W. Wood. The Victoria representative on the committee is Mr. R. P. Butchart.)

FISCAL POLICY

To the Editor:—Mr. Lindley Crease replies in your paper August 30 in answer to correspondence in The Canadian August 27 and 28, and says that he did not intend any "veiled reference to patriotism." I am pleased to accept this, but if he will read the two paragraphs preceding the one he quotes he will get it as did those who read his letter.

As regards the quotation from Leon Lachner's speech: When he became an authority. What reasons did he advance for the Mackenzie King policy making Canada an adjunct of the United States? A mere statement is no argument.

My point in reference to the automobile industry apparently has gone over Mr. Crease's head. Here is the point: "The fact is that (the automobile industry) is busier than ever under the Liberal tariff of 20 per cent, and the people are saving from \$200 to \$500 per car. When you give them 37½ per cent, as Mr. Meighen would do, you are only guaranteeing that companies a greater profit, which ultimately finds its way back into the United States." Does Mr. Crease not see that if these industries are busier there must be more "fall dinner" talk? Is he in favor of penalizing the Canadian people from \$200 to \$500 for the benefit of the United States shareholders?

There is a big difference between capital being invested in a country and a branch industry being started in a country. In one you pay interest to the other you pay dividends, and as dividends are or should be greater than interest, the branch industry is a great drain on the country's money. Canadians have always welcomed the investment of British capital, and it is not too much to say that if British capital had been invested in Canada instead of the United States we would now be in a better position than the United States. But this cannot be brought about by antagonism, and for this reason the Liberal Party has always believed in and encouraged the Preferential Trade with Great Britain—and our sister—Dominion. Would it be too much to ask Mr. Crease, he being a high tariff advocate where he stands as regards the

Kirk's Wellington
Phone 139

British Preference? Does he support his leader, Mr. Meighen, who would abolish it, having said so, and with his party, including Dr. Toibin, voted in Parliament to do away with it?

In conclusion, I would refer Mr. Crease to Sir Thos. White's speech on the budget made about six months ago. It was a masterpiece of logic. It can be found in Hansard, March 13, 1912. No greater tribute could be paid to a Liberal administration, and in it he says: "Our manufacturers are thriving and our industries are springing up throughout the whole Dominion. This shows that our policy does not hurt industry and helps the people."

W. M. IVEL.

THE BISHOP AND THE POLES

To the Editor:—His Lordship the Bishop of London has struck out for the Poles a few days ago, when he stated publicly with a vein of contempt that "Galicians, Poles and Galsians, who do not know a word of English, and could not be expected to be loyal to the British Empire."

Before elaborating the main issue of this text supplied by the Bishop, let me be constrained to humbly point out to his Lordship that Galicians and Galsians are not two different nations as he erroneously assumes, but that all Galicians are Poles. Whilst we admit the charge of ignorance on the part of his Lordship the Bishop in leaving to God the collecting of the knowledge of the other European nations, which thousands of good Canadian citizens have sprung, we cannot but deplore the evident lack of discipline in the Anglican hierarchy in imposing upon God for knowledge which the Bishop's chaplain could have procured by simply inquiring at the Bureau of Statistics at Ottawa.

His Lordship the Bishop is quite correct in assuming that Galicians, Poles and those others whom only their native dialect distinguishes, do not speak English in their native habit. We are surprised to his Lordship by informing him that through a most regrettable error in the scheme of creation, over three hundred million people were placed on the European continent alone who do not speak English.

Coming to our main issue, we feel that his Lordship the Bishop could know that there are thousands of Canadian citizens who came here from Europe by pressing invitation of the Canadian Government, particularly through the efforts of the late Lord Strathcona, that they have been a factor in the development of Canada, which their own people in their native land would not have been able to do. We also know from experience that these people have ideals which are far in advance of those of the native-born. There is no trace in the speech by his Lordship the Bishop of London and which are: a primitive tradition, a lack of the amenities of civilization, a lack of the rudiments of Christian sentiment.

ANTHONY KOHOUT.

Sooke, B.C., August 28, 1926.

WAR VETERANS AND ELECTORS

To the Editor:—As one of the many ex-servicemen residing in Victoria, I would like to express my views with regard to the present political situation, and the qualifications of the two candidates who have entered the arena in Victoria. There is no doubt in my mind that more than fifty per cent of the voters of this city mark their ballots in favor of the candidate which they have selected irrespective of the party that he represents. Therefore what one party has done to the other party has not done makes no difference to these voters, although we must admit that in order to vote intelligently one must look into the records of the parties concerned.

It is certain that the manufacturers will support the Conservative party, and the ex-servicemen will support the Liberal party. The latter much benefit from that group, but it is hard to understand why the workmen and his family will support the Conservative party, when there is absolutely nothing to gain and much to lose.

Then there are the war veterans and dependents whose very existence depends upon the election of a democratic body in the House of Commons rather than an autocratic government. They have yet learned what the Conservatives have done for the war pensioners? Did they not make it their business to fill the ranks of the House of Commons with so utterly disregarded the recommendations of the Ralston Royal Commission on pensions and, moreover, did they not make certain that the Board of Pension Commissioners was composed of Conservatives who were appointed four years before going to the Country?

The ex-servicemen, war widows and dependents have now a glorious opportunity to endeavor to elect a war veteran to represent them in the House of Commons. Captain Carew Martin is the first local war veteran in the Victoria constituency, and he is the duty of everyone affected directly or indirectly by war service to get behind Carew Martin in this campaign in order that their interests will be protected by one who thoroughly understands the requirements of ex-servicemen and dependents, and who is a member of one of the great leagues and there is no reason why they should not add to this necessary movement by electing a war veteran to represent them in the House of Commons.

H. ROBINSON WATSON, War Veteran.

CHRISTIAN SCIENCE

To the Editor:—A statement in a sermon recently delivered at the New Thought Temple, as reported in The Times of August 30, that "the are not a few Christian Scientists who imagine they can improve on Mrs. Eddy, although apparently made in good faith, is incorrect and misleading. Such imaginations may be found among those who, for one reason or another, have been expelled from the ranks of the Christian Science Church, and whom vanity or ambition has prompted to assume superiority over the work of Mrs. Eddy. If, but persons cannot properly be identified with Christian Scientists."

It is true the term "Christian Science" is copyrighted, but it was first used by Mrs. Eddy, and was selected to designate her interpretation of Christianity in its prac-

tical adaptation to human need. Every true Christian Scientist recognizes her leadership, and the finality and sufficiency of the statements of absolute Christian Science given in its textbook, Science and Health with key to the Scriptures, and in Mrs. Eddy's other writings. Those who adopt any other attitude have no just ground whereon to call themselves Christian Scientists, in the original and proper application of the term.

The desire to be personally exalted and to govern others has ever tempted mortals from the straight road of unselfish greatness and success, and the Christian Science movement, in its human aspect, has not been entirely free from such influences. There have been those who yielded to the tempter, who imagined, as this preacher said, that they could improve upon Mrs. Eddy's work, and that they could substitute their own for her leadership, but all of these assumptions, without exception, were departed from, not improvements upon the pure teachings of Christian Science.

Mrs. Eddy achieved world-wide recognition of the term "Christian Science" as being distinctly applicable to her teachings and to the movement which she founded. Because of their inability to add anything to the completeness of her work, or to gain recognition upon their own merits and accomplishments, they who aspire to supplant Mrs. Eddy, and who would tear down her structure that they might build upon her foundation, thrust their products upon the world in the guise of "improvements" upon Christian Science. Truly did Mrs. Eddy say of all such: "They have risen up in a day to make this claim; whereas I, the founder of genuine Christian Science, have been all my years in giving it birth." (Miscellaneous Writings, p. 39).

SAMUEL GREENWOOD, Christian Science Committee on Publication, Victoria, August 31, 1926.

NIGHT DRIVERS
PLUNGE ACROSS
TRAIN'S ROUTERip Through Guard Arms
Barring Road and Dash in
Front of Locomotive

Three unknown men, driving in a light touring car along Esquimalt Road towards the city late last night, narrowly escaped death at the railroad crossing where the Esquimalt & Nanaimo tracks cross the paved street. They were traveling at a medium rate of speed, witnesses of the affair said to-day, and did not see the light of an approaching freight train or notice that the railroad guards were down. They drove straight into the long arms suspended across the road for the purpose of stopping all traffic.

With a splintering crash the touring car carried away portions of the guard rails and plunged across the railroad tracks and in front of the panting locomotive, and its string of freight cars from the north. They missed the train.

Accident Victims
SHOW IMPROVEMENTBoy and Girl, Both in Hospital,
Expected to Recover From
Injuries

Doris Duncan, who was struck down by an automobile on Monday morning on Pandora Avenue, and who has been in hospital ever since, showed improvement to-day, according to reports from her nurses.

The little girl was seriously injured in the mishap, but her condition now indicates she will recover.

"She is brighter to-day," said the hospital report.

Stephen Duvel, who, on the same afternoon, fell from the top of a chute at Central Park and fractured his skull, is at the Jubilee Hospital and improving.

"The boy's condition is more reassuring," it was stated at the hospital to-day.

HEAVY RAINS HALT
PRAIRIE HARVEST

Regina, Sask., Sept. 1.—Harvest operations throughout the district were suspended yesterday, the result of a heavy shower of rain that broke about three hours after midnight.

Lightning flashes played brilliantly and almost continuously about the city some hours before the rain began to fall, indicating a series of local storms at various points.

The precipitation in the night was recorded at 18 inch. A few farmers had started to thresh in the district and the cutting was about ninety per cent complete.

Saskatoon, Sask., Sept. 1.—Heavy rain over nearly all of Central and Northern Saskatchewan will halt harvest work for a couple of days at least, it is expected. In Saskatoon 1.13 inches of rain fell.

Edmonton, Sept. 1.—With thunder and lightning adding to the severity of the storm, drenching rains fell in Edmonton. In the course of the late afternoon and night 1.20 inches was recorded—the heaviest rain fall since May, 1924, when consecutive heavy steady rain brought a precipitation of 2.28 inches.

Outside of Lloydminster, Wainwright, and Provost, along the eastern border of Alberta, heavy rain is general all over the province. Heavy falls were reported Monday, and in many places was still falling Tuesday morning.

Do you know stores no better than yours—that are advertised twice as much? Do you know some that are not half so good as yours—yet better advertised? Think it over, and let it worry you somewhat!

No store ad that offers a genuine buying opportunity—one that is obvious and convincing—ever failed to pay.

Make your store as good as your ads and your ads better than any others. That's "hitching your wagon to a star." An attainable star!

If you are offering a buying opportunity at your store that is really notable—make your advertising of it really notable.

For nine out of every ten busy days in your store, you'll find "the reason" is in your advertising. And for nine out of every ten "slack days" in your store, you'll find the reason in your lack of advertising.

A store bargain has an advertising value when it's well advertised!

The store programme must include more and more value-giving—and better and better advertising.

Advertising so good that it appeals to the usually indifferent person will make any store take a sudden "jump" into prosperity.

The store whose publicity is so persistent that it builds up an ever-widening clientele of readers—that store will grow and prosper as though it had no competition at all!

PLAYHOUSE FILM,
"TOO MUCH MONEY"
COMPLETING RUN

Superstitions mean nothing to Lewis Stone, film actor. During a lull in the screening of "Too Much Money," in which Stone is featured with Anna Q. Nilsson, the actor was discovered by Director John Francis Dillon sitting calmly beneath a ladder watching the playful antics of a black cat that had strayed into First National's New York studios. It happened to be Friday, the thirteenth.

"Hey! Lew! Get out from under that ladder and chase away that black jinx! Don't you know what day it is?" shouted Willson.

"Sure," replied Stone. "It's Friday, the thirteenth! What of it?"

But Dillon didn't wait to continue the discussion.

"Too Much Money" is now showing at the Playhouse Theatre. It is a screen adaptation of Israel Zangwill's stage hit of the same title.

"Siberia" depicts the reign of Czar Nicholas when too free speech meant the firing squads or the bleak, desolate salt mines of Siberia. The screen version is faithful in its depiction of the dreary wastelands which the stage was unable to reproduce.

COLISEUM COMPANY
SCORES GREAT SUCCESS
WITH COHAN PLAY

"Seven Keys to Baldpate," the Geo. M. Cohan success at the Coliseum this week, bids fair to exceed in popularity any play yet presented by that talented director, Mr. Redmond-Welch and his company. The play surges along to an unusual and hilariously funny climax. The Coliseum Company are to be congratulated on a perfect reproduction of this wonderful farce.

AT CAPITOL THEATRE

A girl in Russia—love affairs with grand dukes and dashing young officers—thrilling adventures amid a background of unexpected and romantic denouement!

That is the movie treat in store for patrons of the Capitol Theatre when they see to-day, Constance Talmadge's latest comedy drama, "The Duchess of Buffalo." This rollicking romance of a beautiful dancer who becomes the toast of the town, the vicious star of the kind of vehicle in which she is seen at her best. Constance herself believes "The Duchess of Buffalo" to be her best picture.

Produced by the Metro-Goldwyn-Mayer studio, the picture is a standing feature such as "Her Sister From Paris" and "East is West." Produced by the Metro-Goldwyn-Mayer studio, the picture is a standing feature such as "Her Sister From Paris" and "East is West."

ture company in Texas, in order to get when he sailed for the other side of the Atlantic. The reason for his retirement from classical roles, Mr. Sothern said, was that Julia Marlowe, his wife and associate for many years in Shakespearean productions, is in such ill-health that she has been forced to retire permanently from the stage, and he refuses to appear in the works of the bard they both love so well without her by his side as co-star.

Mr. Sothern was unable to accompany Mr. Sothern to America, remaining behind in their English home at the advice of her physician. Sothern, who returned to the banner of David Belasco last season in the Brieux drama, "The Advocate," after a separation of many years, declared he will continue under that same management this year.

Want "Stable Tariff on Definite Basis"

Montreal, Sept. 1.—Premier Meighen, addressing a Federal election campaign meeting here last night, said "a stable tariff on a definite basis" was the policy of the Conservative Party, and he added that having established such a tariff he would leave it there and give Canada a chance to grow.

There will be no bargains made at the expense of the fundamental interests of Canada for the purpose of votes in the House of Commons," he said.

LARGE AUDIENCE
ATTENDS CONCERT

Concert Party of H.M.S. Curlew Given Great Reception at Memorial Hall Last Night

Victorians who attended the concert given last night at the Memorial Hall by the concert party of H.M.S. Curlew were treated to one of the most amusing and witty shows ever staged in this city and at the same time a complete success. The concert, which was under the distinguished patronage of His Honor the Lieutenant-Governor, was given in aid of the Navy League of Canada.

After the hall had been filled to capacity the programme commenced with an overture and "O Canada" by the brass band of the Curlew. The girls then rendered two songs while "The Yea, Ladies" kept the crowd in roars with their capers and dances.

His Honor Lieutenant-Governor R. Randolph Bruce then arrived with a party from Government House. The attending band playing the national anthem as the distinguished guests took their seats.

A. B. Tebbe and A. B. Proctor, two exceedingly clever comedians, delighted the audience with two songs, "Wimmen, Oh! Wimmen," and "What! No Wimmen?"

The final act of the programme consisted of a sketch entitled "The Play's the Thing," which kept the large audience in peals of laughter. The feature of the playlet was the fact that no scenery was in evidence, the house being forced to use their imagination which proved very easy under the wonderful acting of the actors.

The evening's entertainment was brought to a close by the singing of "All of Us" by the entire company. For the benefit of those people who were unable to secure seats for last night's performance the concert party will put on the same programme in the Memorial Hall on September 7 for the benefit of the Sailors' Home fund.

PLAY SHAKESPEARE

New York, Sept. 1.—E. H. Sothern and the Bard of Avon have said a long farewell.

Not that the distinguished actor loves the distinguished author any the less of late years, but the fact remains he never again will tread the poetic measures of Shakespeare on any stage.

Mr. Sothern said so upon his return from England aboard the Aquitania, reiterating the same sentiment.

SMART MILITARY
WEDDING TO-DAY

Miss Peggy McBride United
in Marriage to Capt. Mac-
gregor Macintosh

A military wedding of unusual interest drew a large and fashionable congregation to St. Andrew's Presbyterian Church at noon to-day for the ceremony which united Margaret Sydney (Peggy), second daughter of the late Sir Richard McBride, former Premier of British Columbia, and Lady McBride of 830 Quadra Street, to Captain Macgregor Fullerton Macintosh, of Princess Patricia's Canadian Light Infantry, youngest son of Mr. and Mrs. R. F. Macintosh of Saskatoon. Rev. W. Leslie Clay, D.D., officiated.

The church was beautifully decorated for the occasion with gladioli, dahlias, asters and other autumn flowers, making a beautiful setting for the ceremony, to which the naval and military officers added a further note of brilliant color.

Brigadier-General J. A. Clark of Vancouver, who is a relative of the bride's family and was in command of the battalion in which the bridegroom saw service in France, escorted the bride to the altar and gave her in marriage. She made a beautiful picture in her exquisite gown of gold tulle, lined with gold tulle, and with a long, tight-fitting bodice, sleeves of gold tulle tightly shirred to the wrist and finished with gold lace, the skirt being swathed in three folds and caught below the left hip in a huge gold choker of the material.

For her train she chose layers of cobweb tulle, lined with shell pink, bordered at the hem with a fold of gold lace and adorned with a lover's knot of the same material. The same diaphanous tulle formed her veil and was confined to the hair beneath a diadem of orange blossom.

The bride's bouquet was a sheaf of Arum lilies.

Three sisters of the bride were in her retinue. Miss Ruth McBride, the maid of honor, wore a French frock of crevette georgette, fashioned on straight lines, with the neck, sleeves and the slim overskirt bound with red. Her hat was of felt and grosgrain ribbon in the crevette shade, the brim being upturned at the back with a bow of gold. She carried a bouquet of red dahlias and roses.

The Misses Anna and Sheila McBride, the bridesmaids, were gowned alike in crevette georgette, fashioned with long bodices and circular skirts, bound at neck, sleeves and hem with gold. Their hats were of crevette felt and grosgrain ribbon, adorned with a gold bow, and both carried sheaves of red gladioli. Little Miss Joy Bullen, the flower girl, wore a frilly frock of crevette tulle, with hat of the same shade faced with gold lace. She carried a gold basket from which she strewn petals in the path of the bride and bridegroom as they left the church.

Capt. J. H. Carvasso supported the bridegroom, and the ushers included Commander Percy Nelles, senior naval officer at Esquimalt; Lieut.-Commander Eric O'Neil, R.C.N.; Major C. W. Craig and Capt. Stone.

As the bridal party left the church they passed under an archway of flowers formed by the bridegroom's fellow officers, and of swaggers sticks held aloft by an escort from the bridegroom's regiment, the P.P.C.L.

After the ceremony a reception was held at the home of the bride's mother, Lady McBride, who was handsome in café-au-lait crepe marocain with black hat, and smart black coat trimmed with dyed squirrel, was assisted in receiving the many guests by Mrs. R. F. Macintosh of Saskatoon, mother of the bridegroom, who wore a smart gown of navy blue, pleated georgette over beige crepe de Chine and small black hat.

Captain and Mrs. Macintosh left for a honeymoon at Hazleton Hot Springs and later will make their home on Foul Bay Road. The bride traveled in a model gown of vanilla morocain, with pleated skirt, and jumper of vanilla satin embroidered in petunia, and a coat of vanilla kasha trimmed with fox fur. Her cloche hat was of grosgrain ribbon.

The four tallyhoes will leave the City Hall at 9 o'clock on Monday morning for the Rodd Hill grounds.

HOUSE WEDDING IS
PRETTY CEREMONY

Miss Margaret Cullum Married
To-day to Kenneth
Reid; to Live in East

The Fall season for weddings was ushered in this morning with a pretty ceremony at 11.30 a.m. at the home of Mrs. W. J. Cullum, 1114 Fairfield Road, when Rev. Dr. Sippell, pastor of the Metropolitan Methodist Church, united in marriage Margaret, eldest daughter of the late W. J. Cullum, former steamship inspector, and Mrs. Cullum, to Kenneth Reid, eldest son of Mrs. R. D. Young of Metehoon.

The ceremony was performed in the drawing-room under a graceful archway of asparagus fern and white asters, from the centre of which was suspended a wedding ball composed of asters. Bowls of pink pentstemons also added a decorative note. In the dining-room, where the deep luncheon was served, pink and mauve was the color scheme. Graceful streamers of pink and mauve hung from the corners of the room to the central ventricle, the color note being reproduced in the bowl of gladioli and asters, as well as in the dainty flowers which circled the wedding cake. The decorations represented the artistic handwork of Mrs. H. K. Prior.

The bride was given in marriage by a cousin, Mr. F. Hawkins. She was a winsome picture in her wedding gown of white georgette, the skirt and long sleeves having deep insets of ivory tulle. Her veil was of exquisite Brussels lace, caught to the coiffure in cap fashion beneath a circlet of orange blossoms. She carried a bouquet of Opheelia roses.

Miss Eleanor Haddow of Vancouver was the bridesmaid, wearing a white gown of orchid georgette, with cutwork decoration on the shoulders and front, and a hat of orchid georgette and silver. Her bouquet was of Spathuliferes and Laidie carnations. Mr. Chris. Robson of Vancouver supported the bridegroom.

Guests Marie Knott played the bridal music and during the ceremony Miss Elsie Phillips sang very sweetly, "All Joy Be Thine." At the reception, which followed the service, Mrs. Cullum, in a smart gown of beige georgette trimmed with a panel of handmade lace, and becoming black hat, presided over the many guests, assisted by Mrs. Young, mother of the bridegroom, who was handsomely gowned in black panne velvet with black hat.

Mrs. W. E. Staneland and Mrs. R. M. Pope presided at the tea and coffee urns, and were assisted by Mrs. Annie Holmeken, and the Misses Dorothy Pendray, Hilda Wood, Dora Rolfs, Nora Staneland, Elinore Robertson and Alene Grimason.

The young couple were the recipients of many beautiful gifts from a wide circle of friends. Mr. and Mrs. Reid left on an automobile tour of Vancouver Island, the bride traveling in a smart jumper, frock of wood brown, Castronape, with moire applique and hand embroidery, coat of wood brown French needlepoint with collar and cuffs of fox, and a becoming little hat of pressed velvet in colors shading from tangerine to wood brown. Later they will leave for the East to make their home in Peterboro, Ont.

Cynthia Grey Says:

Tyranny of Man Prevents Woman's Success.

A good deal of talk has been going on about woman's inferiority to man in the professions and creative arts.

"Though women do routine or imitative work often better than men," say the orators, "they do not and can not excel or even equal men in work of the imagination."

"The quality needed to produce imaginative work is lacking in the feminine make-up. No matter how much education and culture for women broadens their field of work, they cannot hope for pre-eminence in the arts. Biology forbids it."

Like all firm and final statements, this has the ring of authority. But some of us would like the facts more carefully examined before this decree of inferiority is laid down.

It seems likely to me that it is not biology that forbids woman's success in the arts, but man's tyranny that prevents it.

The recent emancipation of women from legal and domestic inequalities has led the world to expect great conquests from them in all the arts and professions.

"Woman has had the vote now for a decade," they say. "She has gone to college for two or three decades. But we do not see feminine genius emerging from the masses."

How very naive that statement is! What if the world had expected men to produce great works of art during the second decade of masculine education?

Would the results have been any more impressive than those that women have produced?

Is no allowance to be made for the centuries during which men have been trained for artistic work, and allowed to devote their whole time to it, while women kept the home fires burning, reared the children, and meekly held their tongues?

I contend that there is no way of gauging woman's creative power until she has come as far along the road of emancipation and education as man.

It is not for this generation to decide whether she is equal or inferior. Perhaps our great-grandchildren will be competent to judge.

Chicago, Sept. 1.—Macdonald Smith of New York led the field of professionals and amateurs competing in the Chicago district open golf tournament at the Evanston Golf Club yesterday by finishing the first 36 holes of the 72-hole tournament in 137. A stroke behind Smith was Bill Hartshorn of Briarcliff with 138, while Walter Hagen of Pasadena, Fla., fresh from his triumphs in the Western open at Indianapolis, was third with 139.

White took the first and third heats in the Empire and \$5,000 in prize money, but Minnie Dillon, driven by Loomis, supplied the biggest thrill of the day by smashing the record for the event in winning the second heat, Loomis' gelding covered the mile in 2:24, clipping one-fourth second from the mark established by Walter Cox's Grey Worthy in 1921.

The Goer memorial for 214 trotters and a \$5,000 purse went to Winnie O'Wynn, in straight heats, and Logical with Butler in the sulky, scored in like fashion in the 211 pace.

Winnipeg, Sept. 1.—In the fourth race at Whittier Park a five-furlong dash, Sunnyways, Billy D., and Our Beth fell and the winner turned up in Shasta Rapids, who paid better than 17 to 1. Neither horses nor jockeys were injured.

In the first race at the break, Jockey Petzoldt was thrown by Carpathian and was removed to hospital. He is not badly injured.

The results were:
First race, purse \$700, three-year-olds and up, seven furlongs—1, Oil Lady, \$9.90, \$5.65, \$5.40; 2, Runleigh, \$13.40, \$7.10; 3, Combustion, \$7.15. Time, 1:37 1-5.
Second race, purse \$500, three-year-olds and up, five furlongs—1, Lucky Hays, \$9.55, \$5.20, \$3.30; 2, Gymnast, \$27.00, \$5.50; 3, Horning, \$3.25. Time, 1:07 2-5.

TOTAL SUNSHINE WAS BELOW AVERAGE LAST MONTH; RAINFALL UP

Victoria enjoyed 254 hours and twenty-four minutes of bright sunshine during the month of August, according to the computation of F. Napier Denison of the Gonzales Observatory. While this means an average of something over eight hours a day, it is, in the total fifty-one hours below the average sunshine for August.

The heavy rains during the last two weeks has caused the total rainfall to go 3.0 inches above the average. The total precipitation was 1.14 inches. Although this month has, therefore, been one of unusual rainfall, the city is still much below the average for the year up to now. From January 1 to August 31, the total rainfall was 10.25 inches. This is 2.67 inches below the average precipitation for that period.

A mean average temperature of 60 degrees was maintained throughout the month with the highest temperature 81 degrees, registered on August 22 and the lowest, 59 degrees on the Friday, August 13.

Hichens's New Novel Shocks Religious

London, Sept. 1.—Robert Hichens's new novel, "The God Within Him," has already suffered many things at the hands of the critics. Praise and condemnation, satire and appreciation alike have been its portion. Even, with questionable taste, open fun has been made of it in The Sunday Observer.

Mr. Hichens has a large public for his books—extremely popular, but when he daringly attempts to portray the world as it might be at the time of the second coming of Christ, it is not improbable that a section at least of his readers will be perplexed and disappointed.

The dominant figure in the story is a Russian Jew—Peter Kharkoff by name—who lives in the mountains above Geneva, an aloof reserved figure, without disciples, but who exercises a mysterious influence over all who come in contact with him. The world, the flesh and the devil recede at his approach and spiritual growth takes their place. The intellectual, slightly priggish Canon in a cathedral close, an elderly spinster and her ultra-modern and painted niece, the ex-guardman, Hugo, who lives only in the welfare and prowess of his body—all undergo a metamorphosis not too easily explained. Incidents of passion and pure thought are curiously interwoven in a story which, if it must be denied real greatness, is at least sincere and of great interest throughout. There is some parallel between this book and a forgotten work of Georges Sand: "Spiridien."

Fall Opening Displays of NEW MILLINERY Thursday, Friday, Saturday

The first hats of Fall are simple almost to the point of severity, which will be good news to the woman who effects a simple and rather tailored mode of dressing.

The salient characteristic of the new mode is the predominance of line over ornament. When decoration does appear it is invariably restrained, frequently masculine in its general effect and occasionally striking in its color contrast.

High crowns, punctuated by crease or fold, dominate the new street shapes. The brims are mostly narrow, often turning up at the side, the back or directly at the front.

In some of the more dressy types the African influence is evident, these being fashioned somewhat on the lines of the African head-dress. For afternoon wear and more formal occasions are large picturesque hats in black velvet, elegantly beautiful and becoming.

The following are a few outstanding feature offerings of our opening display:

Imported Velour. Hats in a wonderful range of new colors. Price \$8.95
A special line of Colored Velvets and Velvet and Petersham combined. All pattern hats. No two alike. Price \$12.50
A group of Trimmed Hats, mostly in the new small shapes, including many black velvets with small brims. Price \$4.95
Many beautiful hats in the new picturesque style for afternoon and dress wear. Price \$18.50

DUNNING SPEAKS IN TOWNS OF MANITOBA

Ex-Minister of Railways Discusses Hudson Bay Line With Electors

Dauphin, Man., Sept. 1.—Hon. Charles A. Dunning, former Minister of Railways, is at present making a Federal election campaign tour of Manitoba.

Speaking here yesterday in support of J. W. Ward, Progressive Liberal candidate, he reviewed proceedings in the last House, particularly those concerning the Hudson Bay Railway. He told of opposition to the road as manifested by Conservatives during the last session and wondered how the people of the prairies could expect completion of this grain route when "Hon. R. B. Bennett and Hon. H. H. Stevens, both Western ministers and every Conservative member from Ontario opposed its construction."

In dealing with the customs inquiry, Mr. Dunning stated the way to reduce smuggling was to reduce the high premium on smuggling. High duties made smuggling profitable, he said.

He said the "blue ruin talk" of Premier Meighen in the 1925 campaign is false, and the reduction of duties made by the King Government had not hindered the progress of Canadian trade but had increased and aided it.

Washington, Sept. 1.—Lieut. Cyrus K. Bettis, United States army officer, injured in a crash in Pennsylvania last week, died to-day in the Walter Reed Hospital.

Rev. W. M. Scott, pastor of the Wesleyan United Church, was held the Crystal Garden will be closed to the general public to-morrow evening. The promenade will be closed at 10 o'clock and the pool from 9 o'clock.

Great Grandson of Jefferson Here

Hollins Nicholas Randolph, prominent attorney of Atlanta, Ga., has arrived in Victoria and is at the Empress Hotel on a holiday. Mrs. Randolph is the great-granddaughter of Thomas Jefferson, founder of the Democratic Party of the United States and author of the Declaration of Independence.

Another prominent southern holidaying at the Empress Hotel is Dr. W. Campbell of Memphis, Tenn. He is accompanied by Mrs. Campbell and children and their nurse.

A. M. Dollar, Commander B. L. Johnson, Capt. W. H. Logan, are all still at the scene of the wreck, and believed that the vessel will have to be completely discharged before a comprehensive idea of damage and the possibility of salvage can be obtained.

BOWLING COMPETITION

The competition for the first silver trophy presented to the Burnside Club was completed last evening.

Twenty-five games were played in this championship contest, all in the time specified.

Of the seeded players only Fred Myles ran true to form. Messrs. Boyd, Byng and Stewart falling by the wayside, while Johnston, who only took up bowls this season, is credited with defeating President John Boyd in the most brilliant game of the series.

Some good play was seen in the final, but Myles fell away in the last few ends, while Johnston held steadily on his way to a strong finish of 21 to 15.

John Johnston, the winner, is a resident of Esquimalt, and a much appreciated player in the Burnside League team, having joined the Saanich club in 1925.

He will be the club's representative in the contest for the Chamber's Cup in Vancouver next July.

\$30,000,000 PAPER PLANT IS MOOTED FOR NORTHERN B.C.

Vancouver, Sept. 1.—One of the largest pulp and paper mill projects in Canada, calling for the raising of \$30,000,000 instead of \$10,000,000, as originally planned, may soon be announced to the Canadian public. It is rumored in local financial circles.

The industry would centre in Prince George, and would involve procuring of huge timber tracts from the Provincial Government and the development of hydro-electric energy on a large scale. It is intimated that the success of the preliminary plans will depend largely upon the willingness of the Provincial Government to make concessions.

The Toronto financial house of Wood, Gundy & Company are known to be interested in the financing of the proposed industry, and H. F. Gundy recently inspected the territory. Hydro-electric survey is being made. Five years ago eastern capitalists acquired extensive timber tracts in the area, but until this summer plans for development had lain dormant.

At the turn Miss Page was one up on the champion, but coming home the Maritime representative, while playing hard for victory, was forced to accept defeat by the brilliant strokes of Miss Mackenzie.

Spokane, Sept. 1.—The annual meeting of the Pacific Northwest Golf Association will be held at the Seattle Golf Club October 2. It was announced to-day by Benjamin J. Lindsay, secretary. Officers are to be elected, amendment of the by-laws considered and the 1927 tournament awarded.

The nominating committee has prepared a report which includes the names of J. A. Sayward, Victoria, B.C., for president; Walter Parry, Victoria, for secretary; and Thomas McPherson, Victoria, for treasurer.

Nomination for vice-president was left vacant pending consideration of a change in the by-laws to permit his election at the annual meeting after the tournament is awarded.

New York, Sept. 1.—The late Rudolph Valentino's figure still moves across the silver screen, and approximately \$30,000 a day as royalties for his heirs.

Interest aroused by his death sent the picture business into a boom. His last picture, "St. George Ullman," which was Valentino's manager, to-day estimated that royalties of approximately \$30,000 had been earned by this picture alone since his death. The royalties will go to Valentino's brother, Alberto, and his sister, Marie Guglielmi, and to Edward S. Gilbert, a friend of Los Angeles, named as executor of his will.

After the actor's death the brother and sister were informed, their brother's estate, while solvent, yielded no surplus for the heirs. This has been altered by the posthumous earnings of the actor.

On behalf of the Victoria Publicity Bureau, Mayor J. Carl Pendray and R. H. B. Ker brought to the notice of the Real Estate Board at its regular luncheon meeting at the Chamber of Commerce to-day, the excellent results which this organization had accomplished in the past year. They asked that the business men and those who stand behind the bureau, and those who have time to spare, be asked to help to swell its finances to put it through the next year.

Having distributed 310,000 pieces of descriptive literature this year, which is fifty per cent. greater in total than that of last year, the Publicity Bureau is now commencing a drive for funds in order to procure more of this valuable literature. Mr. Ker, chairman of the board of directors of the bureau, pointed out that when the directors asked for funds, they needed them. The finances of the bureau will be lower this year than before the success of people of Victoria rise to the occasion, he stated.

Mayor J. Carl Pendray said that he was proud of the Publicity Bureau, and he realized that the organization was doing invaluable work in bringing visitors here. It was a most desirable thing, he said, to have the transients who come to the prairies come to Victoria. But the only way this could be accomplished, he said, was through advertising. Mayor Pendray asked the board members to consider the bureau's request as a business proposition. It was for Victoria and the good of her citizens, he asserted, and urged that business men be generous.

J. P. Dougherty, superintendent of inspection for British Columbia, spoke to the board members today on the convention of the Pacific Northwest Real Estate Association at Le Grand, Oregon, recently. He told of the enthusiasm which had been shown by the delegates there when he put Victoria forward as convention city for the association in the Summer of 1927. It was accepted by a heavy majority vote. Arrangements for this convention will be arranged here in two months' time, when delegates from the Tacoma Winter Convention arrive in this city.

W. E. A. Lawton of St. John, N.B., a real estate broker, who is travelling in the West to find homes for retirement, Eastern business men, asserted that he could convince Eastern residents that Victoria was a finer place in which to live than any Florida or

NEWS IN BRIEF

The choir of St. Andrew's Presbyterian Church will resume rehearsals on Thursday of this week.

Naval Veterans of the Canadian Legion will hold their next meeting on Friday, September 3, at 8 o'clock.

The Canadian Good Roads Association will hold its annual convention this year at Edmonton, September 28, 29 and 30.

At 2 o'clock this afternoon the Firemen's Band gave a programme of musical selections for the entertainment of patients at the Jubilee Hospital.

Ward Two Spanish Cottage Gardens' Society will hold its tenth annual exhibition at St. Mark's Hall, Boleyn Road, on Saturday next. The exhibition will be opened by the Hon. G. G. Coventry, M.P., at 3 o'clock.

A special meeting of the City School Board to deal with teaching appointments will be held at 8 p.m. to-day. The board will go into committee of the whole to consider the ratification of appointments to the teaching staff for the Fall term in graded schools of the city.

Supplementary examinations, granted to students in Victoria High School and Victoria College, are being written this week, in preparation for the re-opening of the school term on September 7. It is anticipated that enrollment in city schools this term will show a general increase.

G. M. Andre, noted lecturer and traveler, who is at present on a lecture tour of Great Britain, has written to the Publicity Bureau asking for lantern slides with which to illustrate his talks on Vancouver Island. The bureau has forwarded the required slides by rush delivery. Mr. Andre addresses take the form of travelogues.

Mr. Justice Hardy of the Superior Court of Los Angeles was a guest during Supreme Court Chambers this morning and by invitation of Mr. Justice Murphy took a seat by the side of the presiding judge. With Mrs. Hardy the California jurist was taken from the Golden State to Victoria for a few weeks' vacation during which they have been touring Vancouver Island.

A joint smoking concert for members of H.M.S. Curlew will be held on Saturday at the Britannia Post and Naval Veterans' Post of the Canadian Legion of the B.E.S.L. in the Canadian Legion clubrooms. Music will be furnished by the band of the cruiser. Members of the British Empire Service League will also aid in the programme.

Due to a marked building boom experienced in the early part of Spring, permits issued at the City Hall for the first eight months of this year totalled \$1,000,000. To date this year permits covering \$501,802 worth of new construction have been issued, compared with \$460,187 for the whole of last year. The number of permits issued has gone up twenty per cent. in the same period.

The regular monthly meeting of the Victoria Welsh Society will be held on Friday evening at 8 o'clock in the Harmony Hall, Port Street. All Welsh members and the friends are invited. The following programme will be given: Solo, Mrs. Jones; solo, Mrs. W. C. Williams; solo, Mrs. J. C. Williams; duet, Misses M. and P. Williams; piano solo, Miss J. Jones; piano solo, Mrs. J. McLaughlin; piano solo, Mrs. McKay; solo, D. Evans; solo, May Lewis; recitation, Celia Lewis; recitation, Phyllis Williams.

The tenth annual exhibition of the Saanich Cottage Gardens' Society, to be held at St. Mark's Hall, Boleyn Road, next Saturday, September 4, will be opened at 2 p.m. by T. G. Coventry, M.P.P. The prizes will be distributed at 3 p.m. by Reeve Macdonald, and at 8 p.m. an auction will be held of vegetables, fruit, etc., donated by exhibitors. Intending exhibitors are asked to note that all exhibits must be delivered at the hall by 10 a.m., Saturday. The hall will be open on Friday evening from 6.30.

The second payment on lands sold at the last city auction sale is due to-day, coincident with the half-yearly installment on purchases made at the first auction sale of a year ago. About five per cent. of the bidders at the second sale paid cash for their bargains, the remainder preferring the easy plan of installments arranged in terms of the sale. Second sale bidders will pay fifteen per cent. of their purchase price to-day, a like proportion being received from purchasers at the first sale. Considerable sums of money are being taken in by the city treasury in consequence.

The usual weekly practice and recreational sports shoot will be held at Heala Range on Saturday afternoon. There will be a Labor Day shoot on Monday, September 6. All cars are asked to meet at the Bank of Nova Scotia, corner of Yates and Douglas Street, at 9 a.m. The executive council of the association will meet on Thursday evening at 8.30 o'clock in the office of Capt. P. M. Wallis, Sayward Building, in order to make all arrangements for the Labor Day shoot, and it is hoped that a sufficient number of prizes will be donated to make the shoot interesting. It is hoped that there will be a large turn out of members at this shoot, as the outdoor season will soon be over.

The manager of the Home for Aged and Infirm Men acknowledges with thanks the following donations to date: Mrs. Short, British newspapers; Mrs. J. B. Clearhue, magazines; Mrs. W. B. Crombie, Saturday Evening Post; Mrs. O. E. Weston, Geographical Magazine; Mrs. Wootton, reading matter; Mrs. E. K. Matthews, magazines; Mrs. Murdoch Morrow, magazines; Mrs. S. PREMIER TO MAKE TOUR OF INTERIOR

Government Leader to Speak Almost Every Night in Many Parts of Province

Returns Here Satisfied McGee Will Have Substantial Majority

Premier Oliver returned here to-day for a brief breathing spell before plunging into a strenuous campaign programme which will keep him busy from now until the election of September 14.

After three speeches on the North Shore riding, the Premier came home delighted with the progress of the Liberal candidate in North Vancouver, G. G. McGee, K.C. He said he was absolutely confident of Mr. McGee's victory over General A. D. McRae.

At a meeting in Lynn Valley last night the Premier delivered one of his old-time fighting speeches, made pungent by the interruptions of McGee hecklers and his vigorous retorts. "The Government leader confessed that he had 'the time of his life' at this rally."

GOES TO MAINLAND
Mr. Oliver will speak at Kitsilano on Thursday at 10 o'clock, in Grand Forks next Tuesday and at Greenwood on Wednesday. From the boundary country he will drive up to Kamloops for a meeting Thursday. Friday will see him at Merritt and on Saturday he will go east to Salmon Arm.

New Westminster has been fixed for the Premier's final appearance of the campaign on the evening before the election. Hon. T. E. Pattullo, Minister of Lands, who has been here alone for the last few days, will go north on Friday to campaign in Skeena.

DISCUSES CEMETERY
Mr. Vancouver yesterday the Premier met people who are opposed to the establishment of a cemetery in Point Grey. He asked them to file a formal memorandum covering their views with the Cabinet, but explained that the Government had no power to repurchase land sold for cemetery purposes to a private company. No legal authority covered such a purchase even should the Government decide to make it, he said. It is not likely the views of the Point Grey people who oppose the cemetery will be considered by the Cabinet until after the Federal election.

THE FUNERAL OF THE LATE JOHN W. EVEREST, who passed away at the Royal Jubilee Hospital on Tuesday morning, will take place from McCall Bros. Funeral Home, corner of Johnson and Vancouver Streets, on Friday afternoon at 2 o'clock. Rev. A. L. Nixon will conduct the service, after which interment will be made in Royal Oak Burial Park.

ROCKIES' HIGHWAY TO BE READY FOR USE NEXT SEASON

B.C. Presses Forward Its
Share of Golden-Yoho Road
This Year

British Columbia will complete its share of the new Golden-Yoho Highway, one of the most spectacular mountain road loops in America, before snow flies in the Rockies, it is stated at the Public Works Department here.

The new road will be ready for traffic some time next year, it is expected. The Federal Government will be unable to complete its portion of the project this season but will push forward the work with the coming of Spring.

The new highway opens up some of the finest mountain scenery in the Rockies and will prove one of this Province's chief attractions to tourists, it is expected.

The Cariboo Road from Vancouver to Lytton will be opened according to schedule on September 1. Parts of the original Cariboo Road will be used for a short time and it will be necessary to detour this year by the Marble Canyon route to reach the interior.

The Public Works Department is getting the Harrison River Bridge ready for immediate use and is completing a new timber bridge across the Cheakamus River. A road is being built from Powell River to Myrtle Point, while roads in the Cranbrook and Fernie districts are undergoing important improvements.

WONDERS OF AERIAL MAPPING WILL BE DEMONSTRATED HERE

Complete Mosaic of Harbor
Frontages is Planned by
Federal Public Works

Machines From Jericho Beach
Will Carry Out Mapping of
Port Facilities

An aerial survey of Victoria harbor frontages will be made shortly by aircraft from the B.C. Air Station, Jericho Beach, under Federal control, according to an announcement made by J. P. Ford, district engineer of Dominion Public Works.

Aerial cameras will be operated from machines flying at a uniform height over the city, taking a chain of overlapping pictures from which is prepared the final mosaic.

The over-lap varies with different altitudes flown, but in each case is sufficient to enable cartographers to piece together the photographs to present a complete record of the ground.

The purpose of the aerial survey in this instance is given as a ready means of illustrating the progress made or intended in harbor improvements.

The mosaic will be of great use to firms making use of this port for shipping purposes, as well as an attractive argument for the development of industrial sites here.

The method used is a peacetime development of a war-time practice, when aircraft were used to secure daily maps of the trenches.

Too Tired For
Conversation?

By OLIVE ROBERTS BARTON

There is no doubt of it. Conversation is on the wane. It is out of fashion as surely as hats. Young people seem to dislike talking nowadays—moreover, they seem to dislike even thinking. Observe a crowd of them—listen to the "give and take and merry repartee." You won't have to listen long. There isn't any!

"If you try to exert yourself and say anything—your back number!" is the latest amendment to their ever-changing constitution. Their code is to act and talk as if life was one long bore.

It is so ridiculous, for under it all they are seething with life and happiness. Just nice, natural boys and girls!

But this lack of conversation is more than an idiosyncrasy of youth. It is really a serious state of affairs.

Liner and Planes in 3000-mile Dash to Effect "Scoop"

1. The Champion getting dressed up before entering the English Channel. 2. Lowering the photographs to the waiting sea-plane. 3. The Canadian sea plane which flew to Rimouski. 4. The Canadian Pacific liner "Empress of Scotland".

Gertrude Ederle's recent victory over the English Channel, wrote an epic into the already brilliant aquatic records of America. And while this youthful swimmer, who broke all existing records in her Channel swim, was being lionized in Europe for her victory, a sequel to this event was taking place in America which will go down on the romantic pages of journalism as one of the biggest "scoops" in newspaper enterprise.

Using a four-plane relay in co-operation with the Canadian Pacific steamer the Empress of Scotland, representatives of the New York News, landed the actual photographs of the great Channel swim in their offices in New York fully twenty-four hours before other prints could possibly arrive.

As the gangplank of the Empress

of Scotland was being raised at Southampton, a messenger dashed up to the ship and placed a bundle of prints in the care of a passenger. Even the Commander of the ship was ignorant of their value until a radio message flashed in giving the instructions for the disposal of the prints. A seaplane would pick them up near Anticosti Island. True to the arrangements the seaplane was sighted a few miles from the island near English Bay, and Commander Latta gave instructions to an officer to wrap the photographs in a waterproof float and lower them over the side of the ship. The seaplane circled the ship and alighted. In a few minutes the package was picked up but the sea had become so choppy that it took the plane several hours to taxi to the lee of the island before it could rise. Finally taking to flight it flew straight to Rimouski where the prints were divided and

placed on board two waiting land planes. These two planes hopped off for New York and were hopeful of reaching New York for the Saturday edition of the News, but heavy fogs descended and killed all hopes. One of the planes was forced down at St. Eliot and success was up to the other plane. After flying in the fog almost to Montreal, it turned south and landed at Plattsburg and met another plane at the parade grounds there. Here the other plane took the pictures and began the last leg of the perilous flight to New York. Flying at 112 miles an hour through three electric storms and one of the heaviest fogs ever encountered by the flyers, the plane landed at the West Side Park, Jersey City. A little over three hours after the final dash was begun the pictures were delivered at the offices of the News in New York 24 hours ahead of picture en route via New York.

DRAGON OF THE SWAMPS

Dangerous? Not at all, but they are rather lazy playmates

By ARTHUR N. PAX

The alligator is a native product of the southland of the United States and even now, though much reduced from its primitive abundance, is still often to be met with in the swamps of the Gulf states.

The demand for alligator leather has been the principal cause of its decline in numbers. Many were shot wantonly by hunters. Then, too, the alligator was never very fondly cherished by the inhabitants, because its food sometimes included pigs, dogs, or other domestic animals which showed a fondness for the swimming holes which the alligator regarded as his own.

NOT DANGEROUS

The supposed danger to human beings, however, has been much exaggerated, since the people who live and work in its haunts usually regard it with indifference. Few mothers, however, would care to see their children associating so closely with such a formidable reptile as this young lady is petting.

Alligators lay a nestful of white eggs three inches long by an inch and a half in width, white and unmarked, and with a shell much like that of the egg of a duck or goose. These eggs are hidden in a sort of pocket in the bank, sometimes conjoined with the waterway by a submerged entrance. It is believed that the mother remains near the nest to guard it.

AVOID THEIR ELDERS

The eggs hatch in about two months, and the young ones take care of themselves from the start. Among their enemies are the old alligators, especially the males, but the young ones seek the shallow streams, and thereby increase their expectancy of life.

Alligators are supposed to live several hundred years, and formerly

grew to be eighteen or twenty feet long. In these days, however, most of them meet death at the hand of man before they are very old, and an alligator twelve or thirteen feet long is a rarity.

Touch a Corn

with this
amazing
liquid

"Gets-It"
acts like an anaesthetic—
stops pain in 3 seconds

WORKS like magic on any kind of corn, no matter how old, where it is, how bad it hurts. One touch and the pain goes. Almost unbelievable. Then the corn shrivels up and goes. A scientific way that dancers, walkers, actors, doctors and millions use. Beware of imitators. Get the real "Gets-It" at drug stores. Costs only a few cents.

BASEBALL, TENNIS, LATEST POSES OF STARS OF TENNIS WORLD, GOLF, BOWLING

Only Four Elevens In First Division Expected This Year

Esquimalt, Wests, James Island and Saanich Thistles Will Round Out League

Victoria City Club Completes Organization; Hughie Pettigrew New Manager

It is expected that the First Division of the Lower Island Football Association this year will include but four teams. Although entries do not close for a couple of weeks yet it looks as though Esquimalt, Wests, James Island and the Saanich Thistles will round out the division. The United Services, North Ward and Sons of England, it is understood, will not organize clubs this season.

For the good of local soccer efforts have been made in the last few years to cut down the number of clubs in the First Division so as to insure a better class of football. This, however, has not been achieved owing to so many clubs wanting to get into the fold.

The way appears to be open this year and with but four clubs in the First Division and one real eleven in the Pacific Coast Football League the city should see some really fine soccer.

It is expected that the First Division will open its season on Saturday, September 25. The Pacific Coast League will open the preceding week.

WANT A FIRST CLASS TEAM

The big movement in the present time is to see that the Victoria City Football Club, the local entry in the Coast League, has a first class eleven. Those behind the club are anxious to secure the services of the best players in this city. Some of the managers are willing to fall in line, but Esquimalt is desirous of keeping their team intact.

However, there is every indication of the Victoria team being much stronger than any fielded in recent years and they should be well up in the running all the time.

The clubs in the local First Division will have a chance to play in the Second Division of the Coast League, according to an arrangement just made by Esquimalt, last year, will be replaced by the Coast League series. The winner of the local series will play off with the winners of the Upper Island and Mainland for the championship.

Last night a meeting of the Victoria City Football Club was held and attracted a very large attendance. Hughie Pettigrew, a great soccer enthusiast who has played the game and knows it very well, was chosen as manager for the club.

Under his guidance the club should be well prepared for every encounter.

The officers elected were as follows: Honorary president, His Honor Lieutenant-Governor Randolph Bruce; honorary vice-presidents, Mayor Peter MacLean, W. C. Nicholson, president, J. Sullivan; vice-presidents, J. C. Rivers and A. Blackmore; secretary-treasurer, A. Geddes; executive committee, C. Jasper, W. G. Stone, D. A. Stewart, M. W. Mann, W. de Grouchy, H. Pettigrew and J. S. Hall; finance committee, H. Pettigrew, Hall and C. Jasper; selection committee, A. Blackmore, W. G. Stone and C. Jasper. Members of the selection committee will work in conjunction with the president, manager and captain.

The club will proceed immediately with the signing of players. Another meeting will be held next Tuesday evening at 7:30 o'clock in the Army and Navy board room.

All clubs in Victoria desirous of competing in the Second Division of the Coast League are requested to have their entry fee of \$5 in the hands of the district representative, W. J. Lynn, at 625 Columbia St., B.C., before Saturday, September 11, the closing date.

Strength of French Davis Cup Team Will Be Thoroughly Tested

Brookline, Mass., Sept. 1.—The stage was set to-day on the turf courts of the Longwood Cricket Club for two international doubles battles in which America and France will clash in a preliminary test of Davis Cup strength.

Fitted against R. Norris Williams and Vincent Richards, defending champions, in the upper half of the drive for the national team championship, will be the Frenchmen Jacques Brugnon and Henry Cochet.

In the lower half, the two singles aces of the invading contingent, Rene Lacoste and Jean Borotra, will face the veteran star, William M. Johnston, and his fellow Californian, Edward G. Chandler, the intercollegiate titleholder.

Victory for either of the two French batteries virtually would assure the tricolor representation in the final round.

Cochet and Brugnon, by darning and spectacular returns to the net, were able to win a four-set victory yesterday, 1-6, 6-2, 6-3, 7-5. Borotra and Lacoste were extended only in the third and final contest with John Hays and Norris Williams.

The French aces won at 6-2, 6-1, 7-6, 1.

Outstanding Women Win Their Matches In Canadian Golf

Winnipeg, Sept. 1.—With all the outstanding players running true to form, the first round of the championship play for the Canadian Ladies' Open Golf Championship was concluded here early last night, after being delayed at the start by rain.

Mrs. Mackenzie, defending her title won her match with Mrs. Ridout, Lambton Club, Toronto, in the easiest fashion, the game concluding at the eleventh green, Miss Mackenzie winning 5 and 7.

Miss Helen Paget, Ottawa, who tied with Miss Mackenzie for the leadership in the qualifying round, won to-day from Mrs. Court May, Edmonton, 6 and 4. Other stars to win were Mrs. Vera Hutchings, Vancouver, who beat Mrs. E. B. Crowley, of this city, 9 and 8, and Mrs. Douglas Laird, Winnipeg.

With the exception of Mrs. Hutchings, all players from across of Winnipeg were eliminated from the championship play. Miss Margaret Walsh, Toronto, eliminated Mrs. George Beatty, Edmonton, 4 and 3, while Douglas Laird won from Mrs. J. T. Gray, Calgary, 5 and 4.

Eight players from Eastern Canada were in the running for the title out of fifteen who began the first round yesterday morning.

SOFT-BALL

At a meeting of the Victoria and District Softball League last night the protest filed by Bryant's Bluebirds on the game played between them and the Victoria Stars for the Lyons Cup, in which the latter were the winners, was allowed. The result is that these teams will have to battle again for possession of the trophy. The game will be played to-night at the Central Park, commencing at 6 o'clock.

Eight players from Eastern Canada were in the running for the title out of fifteen who began the first round yesterday morning.

Howe Sound Tennis Tourney is Drawing A Splendid Field

Vancouver, Sept. 1.—Leon de Turenne, of Seattle, who won the Canadian lawn tennis singles championship at Victoria this year, will participate in the fourth annual tennis tournament at Howe Sound.

Howe Sound, near here, which commences next Saturday and continues for three days, features an entry along with sixty others in the singles. He will also take part in the doubles with Johnny Proctor of Victoria. The Victoria star will also play in the mixed doubles, his partner in that event being Miss Muriel Munro, of the Laurel Club, Vancouver, B.C.

Splendid Report of Recent Soccer Tour of Canada is Given

London, Sept. 1.—At a meeting of the international selection committee of the English Football Association, held at the Grosvenor Hotel, Messrs. Kingscott and Dickinson submitted a report as managers of the recent Canadian tour. They spoke in glowing terms of the reception of the team in all parts of Canada, and the high appreciation of the authorities there. Kingscott presented on behalf of the Canadian Football Association a handsome gold badge to J. C. Clegh, president, and P. J. Wall, secretary, as a mark of appreciation of their service to Canadian soccer.

THEOSOPHICAL SOCIETY

Following vacation the Victoria Theosophical Society, Independent, will resume activities this month. A public meeting will be held on Sunday evening at 8 o'clock in the room of the society, 101 Union Bank Building.

The subject will be announced later.

Wildest Upsets of a Week of Upheavals When Cards Take Two

St. Louis Now Sits Atop National League; Pittsburgh Shunted Into Third Place

Yankees Find Themselves Pressed For Leadership; Cleveland Right on Heels

New York, Sept. 1.—The St. Louis Cardinals were strutting ahead of the crowd in the National League to-day and the Pittsburgh Pirates have been crowded from first to third place in one of the greatest of modern baseball upsets.

The wildest upset of a week of upheavals yesterday saw the Pirates shunted into second place ahead of Pittsburgh, despite their one to nothing defeat by Chicago, and the Chicago Cubs drew a step closer to the three leaders. The Cardinals have a three-point margin over Cincinnati and are four ahead of Pittsburgh. The Cubs are 38 points back.

In the American League the lead of the New York Yankees yesterday fell to five and a half games when Philadelphia beat them 8-5 while the St. Louis Cardinals won 19-2.

Philadelphia climbed out of the National League cellar and pushed the Braves in, 7-2.

KRIM NOW ON WAY TO LONELY ISLAND

Ex-Riffian Leader Takes Relatives to Banishment in Indian Ocean

Marseilles, France, Sept. 1.—Abd-el-Krim, the fallen Riffian leader, on his way to a remote island in the Indian Ocean, had a rough halt by the way yesterday when the steamship carrying him and his relatives and suite, twenty-four person in all, approached the port of Marseilles. The ship tossed and pitched so heavily that the captain dared not throw the dock of the island of Frioul and a tug sent out to transfer the party to shore was unable for some time to get alongside.

The tug finally, however, did succeed in passing a hawser to the steamship and assisted her to dock. Abd-el-Krim and his party are housed on the island for a few days to safeguard them from the curiosity of the populace, until they are shipped aboard a warship to be taken to their destination.

This evening, at 8 o'clock, Dr. Arthur F. Barton will deliver a lecture in the New Thought Temple on "Habit—How to Make and Break."

Ringshaw Delivers Fish — Phone 1312.

AT THE END OF THE LINE

By RALPH B. MATHEWS

If you are looking for an experience out of the ordinary run of things, do not mistake the potentiality of the inland waters of the Pacific Ocean for furnishing just what you are after.

It was about seven-thirty p.m. We were on our way to San Spring Island in a large air hand canoe. Our fishing lines were all set for the old bridle or salmon, or any other finned thing foolish enough to bite. Doug was paddling at the time, when we felt a tug at the line. Excited and thrilled with the anticipation of a juicy salmon steak, I began to play the fish after the manner of a tried fisherman. The pull on the end of the line was tremendous, the more the elusive creature pulled, the more I played in the hopes of finally tiring him out. Now I didn't know the sex of that fish, but from its strength I surmised that it was probably a male; for all I knew it might have been a feminine whale with bobbed hair and a cosmetic complexion. Doug glanced over towards Doug, his face was beaming from forehead to aft, and his nose was already scenting the delicious aroma escaping from the frying pan. I instructed him to paddle and endeavor to relieve the tension on the line. Taking the hint, and summoning such dormant strength as he had never used before, he began a battle that was in vain. The canoe went backwards, turned in circles, and much to my disgust we were unable to make any headway against the tantalizing creature on the end of the line. I pulled and tugged, and the more I pulled, and the more I tugged, the more water we lost. The time was now eight-ten p.m. We determined to do something even at the cost of our lives, so entered into consultation for a period of five minutes. The decision that we had reached was that we should both paddle and so match our strength against that of the seemingly immovable object at the end of the line. I was sure that fish must have weighed at least two hundred pounds, but Doug would have none of my estimate, saying that if it weighed an ounce it weighed twice my estimate.

Invoking the help of Atlas and Hercules, we tugged and tugged, and to our surprise, and shall I say, jubilation, the line slipped. We had made slight headway against overwhelming odds. We let forth

another powerful tug. Again the line slipped. We had gained at least four feet on a hundred and fifty foot line—result, can you guess? The suit of canvas for great joy, three rousing cheers.

After thirty-five minutes more paddling, the line had again slipped fifteen feet, so we figured that the fish at the end of our line was fighting such a battle as Napoleon had fought at Waterloo.

"What'll we do with this thing when we get him back to camp?" says Doug, triumphantly.

"Hush," says I. "You might be offending his sex. However, of course, we'll let our belts out when we're through sampling, and then make a distribution."

Then we spent another ten minutes deciding who should have a taste of our captive delicacy. Pounds after pounds was distributed in reckless fashion, until the poor creature was owned by half the population of the Capital City of British Columbia. Pair damsel would eat as they had never eaten before, and male corporations would grow to an even greater extent than the now existing joint stock companies. From the surplus, which we figured should be considerable, we meant to open a chain of canneries operating along the Pacific coast with Victoria as the centre of a thriving industry.

Victoria would take her place as the mecca of fish and chip joints. We intended to throw all our available capital into the purchase of cans, this was to be done immediately by cable, the cable to be ready for use immediately on arrival in Victoria. After this discussion had come to a close, we noticed that the water had taken a blackish tint, it was difficult to discern the well-known features of our own countenances. The ball of fire apparently alluded to as the sun had burned its way slowly down over the Hellespont, and there just wasn't any fog much light.

To make a long story short, we had to make a supreme effort to land that fish with the fins of the colossal enterprise above-mentioned would be doomed, and we would forever drop from the roll of fishermen.

We paddled and paddled, we pulled and blew, we tugged on the line until our fast-waning strength was exhausted, but we had to make a sacrifice, and we did. We figured we could sleep all the next day to recuperate. Our enterprise would have to wait until the following day before being given the impetus which means a start. The hands on the dial of Doug's worthy Ingersoll registered exactly twenty-one and a half minutes after nine. It was utterly dark. Every tug of the line, every splash of the paddle sent forth rays and circles of phosphorescent water. Tiny sea devils made the water a veritable pool of sparkling brilliance. It was an enchanting sight, but our weary limbs and protruding eyes could see no beauty in such a radiant sight as even this was. Our minds were concentrated upon one thing; our very souls were set upon the accomplishment of our object—the landing of that fish at the end of our line. After roughly fifteen minutes more paddling we had pulled in the first sliver. The weight at the end of the line had not diminished proportionately, and we even despaired of the strength necessary for the final effort.

The final episode came rather as a surprise to both of us, for after the second sliver had been pulled in we realized that we must be near the sight which meant reward to all our efforts. Our *desamans* would be realized, and at last we were able to share the disconsolations of the idle rich.

Through the darkness of the atmosphere, which was broken by the phosphorus, we could see a long and shining green object, near what we surmised was the hook. Excited and happy over this unexpected turn of affairs, we dropped the paddles and seized the line, pulling with the strength that only a man possesses in dire extremity. The head of this sea monster seemed round and very large, with something that looked like fins protruding from the upper extremity. As we pulled the object of our dream forward towards the stern of the canoe, we noticed that it had a long pipe-like body, strewn with flabby fins shimmering and glowing in the iridescent waters. At least we could display the head in the national museum, charging twenty-five cents for the public to satisfy their craving curiosity. We should make a fortune the first week. We pictured paper headlines:

"Monster sea fish attracts thousands."

"Youthful fishermen win Nobel prize."

"Man conquers sea."

We pictured interviews, and even planned answers to the questions reverently hurled at us by leading press representatives of the world. Our pictures would adorn the front page of every leading newspaper in the country. Fame and fortune over-night—Oh, what a triumph!

The final effort brought the head of the monster over the stern, and into the boat. Can you imagine our feelings—suppressed feelings of pride as we proceeded to pull the monster into the canoe, and examine its propensities with the aid of a few matches. We lit one match. We lit two matches, three, four, a dozen matches. Our stock was depleted. The depletion had wrecked our fondest dreams. A fortune had gone. Vanished in the light of a match, without even the satisfaction of having at least invested in Calgary Oil Stock, or played the ponies. Our sea monster had dwindled in proportion and importance from a museum spectacle to probably the largest individual piece of seaweed ever caught in these waters. We pulled up the round green head and let it slip quietly back into the lanky waters. We realized, then, the beauty of the forlorn hopes sent forth those beautiful rays. We paddled back to camp. Not a word was spoken. We were too sleepy to be hungry. We slept the sleep that cures all ills. The next morning we had pork and beans and a strong cup of bitter disappointment.

Prairies Said To Have Enough Harvesters Now

Saskatoon, Sept. 1.—"I am at a loss to understand the reports in the press regarding the alleged serious shortage of harvest help on the prairies," said William Thrasher, secretary of the Farmers' Union of Canada, here last evening.

"From present indications it appears to me as a deliberate piece of propaganda to stampee the prairie farmers into securing of harvest and threshing help," he stated.

Guard against Health's Invisible Enemies with LIFEBOUOY

ALL day long we are in almost constant contact with germ-laden things—things which others have touched.

Wherever there is dirt, dust or grime, there is danger of infection.

Lifebuoy, the ultra-refined antiseptic soap, the most widely used soap in the world, is your sure safeguard.

It's bland, creamy lather opens and purifies the pores and lets them breathe, keeping the skin satiny-smooth and healthy, and free from infection.

Until you have used Lifebuoy for bathing, you will never know how wonderfully invigorating a bath can be.

ACCLAMATION IN PROVENCHE RIDING

A. L. Beaubien, Liberal-Progressive, Returned; Nominations in 26 Constituencies

Winnipeg, Sept. 1.—Two men carrying the nomination papers of Dr. D. H. Macfadden, Conservative, to St. Pierre, Manitoba, were so delayed by muddy roads yesterday that they reached the town too late to file the papers and A. L. Beaubien, Liberal-Progressive, was returned by acclamation to represent the constituency of Provenche in the next Federal House.

The two men, traveling by automobile, left Winnipeg at 10 o'clock for St. Pierre, thirty miles distant. Ten miles of the journey was made in fast time over an asphalt road, but from then on the couriers were forced to travel over dirt highways rendered almost impassable by overnight rains.

Nominations closed at the town of St. Pierre at 2 p.m. At 2:15 p.m. the men reached the town. They reported it had been impossible for them to secure other means of transportation when their automobile stalled.

A. L. Beaubien represented Provenche in the last Parliament as a Progressive.

Young Chinese, Mar Poy, Committed For Trial By Police Magistrate To-day

On a charge of defamatory libel, arising out of certain letters allegedly written by him to his sweetheart, Mar Poy, young Chinese, was this morning finally committed for trial by Magistrate Jay in the city police court yesterday. It was alleged that he had committed Mar Poy to-day, a remand was granted to allow him to be arranged on request of Frank Higgins, K.C., counsel for the defendant. To-day His Honor passed the case up to a trial judge.

Mar Poy's letters, said to contain certain defamatory statements, were translated and read at the hearing before Magistrate Jay, which has been continued over many weeks.

Crusade in History of States**

Evansville, Ill., Mrs. Ella A. Boole, national president of the Women's Christian Temperance Union, has started the 600,000 women of her organization on a general campaign to ensure a 100 per cent dry registration and a 100 per cent dry vote in November. The plans comprise the greatest dry campaign in the history of the country ever seen, not even excepting the crusading days, preceding the adoption of the Eighteenth Amendment and the Volstead Act.

MANY TRIBUTES TO POPULAR CITIZEN

Impressive Services Over Remains of Late H. Peter Johnson Yesterday

St. John's Church was filled with a big congregation representative of intimate friends and business associates of the late Halcrow Peter Johnson at the funeral service held over his remains yesterday afternoon. Members of the Masonic Lodges and of the Rotary Club, to which Mr. Johnson belonged, attended the services in a body.

Leaving the R.C. Funeral parlors at 2:45, the cortege proceeded to St. John's Church, where the Rev. E. A. P. Chadwick, assisted by the Rev. A. E. del. Nunns, conducted the services. The choir was in attendance, and led the singing of Psalm 30, and the hymns, "Peace, Perfect Peace" and "Now the Laborer's Task is O'er."

Among the many beautiful floral tributes which covered the casket and hearse, and required a special car for their conveyance, were a beautiful floral anchor from the passengers, officers and crew of the S. Princess Maquina, wreaths from the Columbia Lodge and St. Ann's Lodge No. 49, A.F. and A.M., the Kuntuks Club, the Public Stenographers' Union, the Sisters of St. Ann's Academy, the Victoria Auto Tourist Camp, officers and members of the Victoria Rotary Club, the Remington Typewriter Company, and from Mr. Underwood, president of the Underwood Typewriter Company.

pany, who is now in Europe, and from the firm's Vancouver office. The pallbearers were all members of the Masonic craft, as follows: Messrs. W. S. Terry, T. J. Coe, J. H. Beatty, Gordon Cameron, H. R. W. Allan and Kenneth Ferguson, all members of Vancouver and Quadra Lodge No. 2, A.F. and A.M. Honorary pallbearers were Messrs. H. O. Litchfield, P. Waring, P. Watson, H. Ormond, S. Hill and A. Haynes. Masonic services at the graveside were conducted by Wor. Bro. P. H. Hughes. Interment was in the family plot at Ross Bay cemetery.

**B.C. Tire House Takes Out
Permit For Addition on
Pandora Avenue**

An attractive addition to the downtown area is planned by the B.C. Tire House, Pandora Avenue, which expects to make a start this week on an oil and service station to the east of their property, running through to Cormorant Street just west of the public market. The plans call for an attractive form of improvement to be built at a cost in the neighborhood of \$1,800. Parfitt Bros. are the contractors. A permit to cover the work was taken out at the City Hall to-day.

KING SPEAKS IN TOWNS OF P.E.I.

**Federal Liberal Leader in
That Province To-day
During Election Tour**

Yesterday He Spoke in Antigonish and Port Hawkesbury, N.S.

Antigonish, N.S., Sept. 1.—Surpluses in the public accounts, reductions in taxation, old age pensions and the constitutional issue were matters dealt with by Rt. Hon. Mackenzie King, Liberal leader, in an address at a Federal general election campaign meeting here yesterday afternoon.

Mr. King said the country as a whole had prospered from the removal of considerable taxation this year. The Liberal leader last night concluded his campaign in Nova Scotia in Port Hawkesbury, on Cape Breton Island.

To-day Mr. King is addressing two meetings on Prince Edward Island, and on Thursday he will start West again, stopping at Campbellton, New Brunswick and New Carlisle in Quebec. The final week of his campaign will be spent in Ontario.

LARGE AUDIENCE

At the meeting here yesterday in the Antigonish-Guysborough constituency the crowd filled the curling rink. Many of the tax reductions introduced by the Liberals, said Mr. King, had been opposed by Conservatives from Nova Scotia, and it was to be wondered if these men felt the right

to lower taxes was among the Maritime Province rights of which they talked. Mr. King was sure that the Maritime Commission, under Sir Andrieux Duncan, would do justice to the Maritime Provinces in its report. Two sessions ago the Liberal Government had prepared legislation to provide for coking ovens. It was not reached at the close of the session. One would have thought the Conservative members from these provinces would have asked to have the measure reintroduced, but there was no demand, and the matter remained in abeyance.

If the Liberals were returned and there was any demand for establishment of the coking plants, said Mr. King, the Government would be prepared to carry it out.

"What about Wall Street" called

out someone who looked in through a window of the rink building for a moment while Mr. King was discussing tax reductions and financial affairs.

"Isn't that a fine example of Tory tactics?" asked Mr. King. "This fly-by-night shows his head in a window, shouts and runs away."

**Let Cuticura Soap
Fresh Your Skin
Keep and Youthful**

Read what one woman can do. "I have pains (ras) in my side and could hardly work. Was told I had female trouble. Two weeks after I began taking Cuticura I feel better. Now I do my own housework, raised 17.00 worth of chickens and took two gardens." (Signed) Mrs. G. Knicker.

Many people keep the OUTSIDE body clean but let their INSIDE body stay full of poisons. Cuticura (the unadorned soap) cleanses with the mixture of sulfur and salicylic acid. This acts on BOTH upper and lower bowel, eliminates metabolic poisons and removes matter which you never thought was in your system, and which caused your stomach, nervousness, sleeplessness, headache, etc.

Whenever you eat too much heavy food, let Cuticura REMOVE the undigested surplus and leave you feeling fine. ONE spoonful relieves GAS, takes away that full, bloated feeling. Even if your bowels are constipated.

Dr. G. K. Rogers reports Cuticura is the best medicine he has used in 37 years.

Dr. W. H. Barnhart writes he could not get along in his practice without Cuticura.

Dr. J. J. Weaver, a doctor for 20 years, says he knows no medicine better than Cuticura.

Dr. L. Langlois prescribes Cuticura regularly with good effect.

J. E. Puckett writes: "After using Cuticura I feel better than for 20 years."

AWFUL impurities were eliminated from my system.

Cuticura is a big surprise to people who have used only ordinary bowel and stomach medicines because of its REAL and quick action. Sold by David Spencer Limited.
